

PRIDE MOBILITY

DUAL MOTOR SYNC SYSTEM

Featured exclusively in
the Heritage Collection:
LC-358XL and LC-358XXL

The Dual Motor Sync System is an industry-first product enhancement from Pride Mobility.[®]

Traditional dual inline motor systems have a natural tendency to fall out of sync over time, requiring regular manual calibration. Pride's Dual Motor Sync System actively works to keep the inline motors synchronized, ensuring long lasting quality and performance.

Heritage Collection
LC-358XXL shown in
Cloud 9 Walnut fabric

NOTE: Deluxe Heat & Massage option is not available with Dual Motor Sync System. Standard Heat & Massage is available.
