WeCare Full-Electric Bed

The Joerns WeCare™ bed offers all the functions and stability of an institutional frame with an easy to deliver and assemble package. The split-frame design combines easy, one-person delivery with ultra-low bed height for fall prevention and a full-range of options to deliver convenient, effective care in any environment.

Features:

- Enhance confidence entering / exiting the bed with full range stability and foot placement.
- The split-frame design combines easy, one-person delivery with ultra-low bed height for fall prevention
- Intuitive ergonomic hand pendant with 8-function control and integrated hook
- Improve comfort, simplify repositioning and reduce falls risk with flexible sizing up to 42" W and 84" L
- Easy to transport and store with innovative dolly stair climber accessory
