

Mobility Equipment Purchase Guide

Getting Started

Contact Comfort Mobility!

Call Comfort Mobility to get into contact with your Mobility Consultant or let your therapist know which company you choose to deal with for your equipment needs. Your therapist will call one of our Mobility Consultants to schedule an Assessment to fit you for your mobility equipment based on your current and future needs.

Equipment Selection

Work together with your therapist and vendor to find the right equipment for you. As a valued local Vendor for over 10 years, Comfort Mobility can provide medical and equipment expertise required to ensure that your clinical requirements are matched with quality and reliable products. We are here to maximize your health care potential with top-of-the-line equipment.

Funding

There are funding agents available for most mobility equipment. Comfort Mobility is an ADP (Assistive Devices Program) Authorized Vendor. We deal directly with the Assistive Devices Program, Green Shield, Blue Cross Veteran's Affairs, Rotary, WSIB, and more.

If you are unsure of what funding is available to you, speak with your Mobility Consultant about your options. Let us help you make this process stress free.

Order, Set Up and Delivery

We pride ourselves on continuity of care from start to finish. Your Mobility Consultant will be with you every step of the way.

Once your equipment has been selected and ordered, our qualified Technicians will personally deliver and set up your equipment and make adjustments where required. Your Mobility Consultant will then schedule a follow up once you've had a chance to get comfortable in your new equipment. We will answer any questions you have regarding everyday care and maintenance of your new equipment and provide you with all the necessary paperwork required for the life of your product.

Custom Equipment takes time to build, and we understand that! That's why Comfort Mobility provides complimentary loaner equipment when available until your order arrives. If we are awaiting funding approval and the client portion has not been paid, Comfort Mobility has a wide range of affordable rental equipment available to you at a monthly rate.
