FOOTNOTES

1. Pride® FDA Class II Medical Devices are designed to aid individuals with mobility impairments.

2. Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. This specification can be subject to a variance of (+ or -) 10%.

3. Battery weight not included.

4. Due to manufacturing tolerances and continual product improvement, this specification can be subject to variance of + or - 3%.

5. Weight of battery and pack.

6. Batteries included.

7. Optional, up-charge may apply.

8. Tested in accordance with ANSI/RESNA, WCVol 2, Section 4 and ISO 7176-4 standards.

9. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.

9. Battery weight may vary based on manufacturer.

10. Stowage width and length (not including seat).

11. Includes standard seat weight.

12. See product specification sheet for additional details

13. Light package.

14. Pathway lighting.

The information contained herein is correct at the time of publication; we reserve the right to alter specifications without prior notice. Speed & range vary with user weight, terrain type, battery charge, battery condition and tire pressure. Due to manufacturing tolerances and continual product improvement, length, width, turning radius and ground clearance can be subject to variance of + or – 3 %.
