Buyer(s) Name:_____*hereinafter known as "Buyer"*

Address: _____

_____ (_____) _____ City State Zip Phone

Purchase Price:_____ Deposit_____ Date_____Final Payment_____ Date _____

Our Commitment to Your Puppy's Health

At Given Doodles, we stand behind our puppies with a **two-year genetic health guarantee**. The health, well-being, and happiness of our puppies are our top priorities, and we are committed to giving each puppy the best possible start in life.

While in our care, our puppies receive plenty of love, attention, and nurturing. We focus on early socialization and introduce foundational crate and potty training to help them transition smoothly into their forever homes. We provide a well-balanced puppy food and attentive daily care to support their growth and development into happy, healthy companions.

Before leaving Given Doodles, each puppy will have been dewormed three times, received their first set of vaccinations, and undergone a thorough examination by a licensed veterinarian. Each puppy must be determined healthy by the examining veterinarian before going home with their new family.

Veterinary Examination & Health Guarantee

To help ensure your puppy's continued health and well-being, **buyers are required to have their puppy examined by a licensed veterinarian within 72 hours of taking possession of the puppy.** Any request for a return or refund under this policy must be submitted within that same 72-hour period.

Given Doodles will consider a return or refund request only when a licensed veterinarian determines that the puppy was sick upon arrival, is in poor health, or has a life-threatening or genetically debilitating health condition.

Given Doodles reserves the right to obtain a second opinion from a licensed veterinarian of our choosing, at our expense. Veterinary expenses incurred by the buyer are the buyer's responsibility and will not be reimbursed by Given Doodles.

To qualify for consideration under this policy, buyers must provide written documentation from their licensed veterinarian detailing the diagnosis and findings. Upon verification and approval, the buyer may choose one of the following remedies:

1. **Full Refund:** A refund of the full purchase price of the puppy minus $500 deposit.
2. **Replacement Puppy:** A replacement puppy of similar quality from the next available litter.

At Given Doodles, our goal is to raise healthy, well-socialized puppies and build lasting relationships with the families who welcome them into their homes. We want every puppy to have the strongest possible start and every family to feel confident in their decision to choose Given Doodles.

Two-Year Genetic Health Guarantee

If, within the first 24 months from the date of purchase, your puppy is diagnosed by a licensed veterinarian with an inherited, life-threatening genetic disorder, Given Doodles will offer the buyer one of the following options, upon receipt and review of the required veterinary documentation:

1. **Veterinary Expense Reimbursement:** Reimbursement of eligible veterinary expenses related to the diagnosed genetic condition, up to a maximum of 50% of the original purchase price of the puppy maximum for all eligible veterinary expenses combined.
2. **Replacement Puppy:** A replacement puppy of the buyer's choice from the next available litter, at no additional charge and waves the reimbursement option.

Written documentation from a licensed veterinarian confirming the diagnosis is required for consideration under this guarantee.

Buyer Responsibilities & Transfer of Ownership

The buyer agrees to provide the puppy with a safe, loving, and appropriate home and agrees never to abandon or surrender the dog to an animal shelter, Humane Society, or dog pound.

If the buyer is no longer able to care for the dog, Given Doodles must be contacted before the dog is transferred, sold, or given to another family. Any transfer of ownership must be discussed with Given Doodles in advance. The dog must also be spayed or neutered in accordance with the requirements outlined in this agreement.

Exclusions from the Health Guarantee

This health guarantee does not cover, but is not limited to, the following conditions:

- Internal or external parasites *Hernias
- Undescended testicles *Underbites or overbites
- Injuries or accidents *Allergies
- Heat exhaustion *Hypoglycemia (low blood sugar)
- Kennel cough or other communicable diseases identified after the puppy's initial veterinary examination

Seizure and Epilepsy Exclusion: This health guarantee does not cover idiopathic epilepsy (IE), seizures, or seizure disorders determined to be idiopathic, environmental in origin, or caused by reactions to flea, tick, or other parasite-prevention medications. Seizures or neurological episodes associated with environmental factors, medication reactions, toxins, injury, or other non-inherited causes are also excluded from coverage. All determinations regarding the cause of a seizure or neurological condition must be supported by appropriate veterinary documentation.

Buyers acknowledge that puppies are living animals and that certain health conditions may develop over time. This guarantee applies only to the specific conditions and circumstances outlined in the Given Doodles health guarantee.

Coat, Appearance & Temperament Disclaimer

Given Doodles makes no express or implied guarantee that any puppy will be non-shedding or hypoallergenic. Although we strive to provide accurate information about each puppy's expected characteristics, we cannot guarantee the puppy's adult size, color, coat type, coat appearance, or any specific physical or behavioral traits. As puppies mature, their appearance, coat texture, size, and temperament may change.

Pet-Only Agreement & Spay/Neuter Requirement

All puppies sold by Given Doodles are sold strictly as companion pets and are not to be used for breeding purposes. The buyer agrees to have the dog spayed or neutered before the dog reaches **10 months of age** and to provide Given Doodles with an official spay/neuter certificate by the time the dog reaches 10 months of age.

Compliance with this requirement is a condition of the purchase agreement.

CARING FOR YOUR NEW PUPPY
Buyer Responsibility

Our puppies are generally very easy to care for. By signing a Given Doodle contract, you agree to follow these guidelines of how to care for your new puppy to the best of your ability and agree to seek out more information from Given Doodles if needed.

- Puppy must be examined by a licensed Veterinarian within 72 hours of possession.
- Keep your puppy up to date on shots, worming and other preventative treatments advised by your Vet. **Your puppy is not safe to walk in public areas until all vaccinations are complete.**
- Find a vet that you feel comfortable with, and keep regular appointments so your vet gets to know your puppy.
- Find a groomer you feel comfortable with. Maintaining the coat of a Goldendoodle is very important. Plan on taking your puppy to a groomer for the first time by 4 months and 6 months of age to get them use to being handled.
- Maintain your puppy's nails with regular trimming. Your puppy has their Dew Claws intact! Be sure to point this out to your groomer and have them regularly trimmed.
- Feed your puppy a good, well-rounded diet. Please be aware of the first five ingredients of the dog food of your choice are healthy.
- Avoid exposing your puppy to physically stressful situations, such as frequent stair climbing or standing on concrete for long periods of time during his formative years.
- Make sure your puppy has plenty of exercise on a regular basis, and whenever possible. Don't overdo it in the first few months. Puppies need lots of rest too.
- New puppies like to chew! Provide plenty of healthy and safe options for your new puppy.
- Remember gum and all candy containing Xylitol, chocolate, garlic, avocado, apple seeds, apricot pits, and cherry pits are just a few things to be aware of. Please double check with your vet before feeding anything other than puppy food to your puppy.
