Class Description:

Get ready to go for the gold! In this fun and active class, students will explore the excitement of the 2026 Winter Olympics in Milan-Cortina, Italy. Each week we'll learn about different Olympic sports, from figure skating to hockey to snowboarding, and discover the traditions and symbols that make the Games so special.

Through crafts, games, and hands-on activities, students will experience their own Olympic journey—skating on paper plates, building bobsled tracks, curling with beanbags, and even hosting a Mini Winter Olympics during our final week! Along the way, we'll explore Italy, track real medal counts, and cheer for athletes from around the world.

By the end of this 12-week adventure, students will understand the spirit of the Olympics: teamwork, courage, creativity, and fun!
