Class Description:

This class will help build the foundation for grammatically correct speaking and writing. We will be using repetition, stories, copywork, and memorization to help learn about nouns (common & proper), pronouns, verbs, adjectives, and adverbs, and sentence types. It sounds very boring but it can get pretty silly and loud! This class will not involve much writing and I can tailor what a student should do based on their skill level.

Each week will build upon the last, with repetition of the prior week's definition.

Throughout the entire class the students will be encouraged to answer questions in complete sentences. The hope is to continue to have these grammar classes that build on one another.
