Class Description:

This class will work on basic phonetics that lead to good reading skills. The class is designed for younger kids but I welcome any kid who is struggling...good phonetic foundations are the building blocks for reading success! The plan is for a two part class/yearlong (but it will not be mandatory, neither part 1 nor part 2). This semester we will focus on letter sounds/phoneme, CVC words, long vs short vowel sounds, CVCe words, and blends. Next semester will be digraphs, vowel teams/diphthongs, R-controlled vowels, and odd phonetic rules. We will use memorization using hand gestures, repetition, game play, and sentence pyramids to conquer reading!
