

Class Title: Blue Multiplication Bootcamp

Teacher Name: Trish Poston

Class Day: Friday

Class Size: 18

Class Cost: \$24

Class Fee: \$96

Ages or color group served: Blue

What level is this class: Level 2

Prerequisites: Students should be ready and willing to study and memorize multiplication tables (0-12). They must be able to write their numbers correctly and legibly to participate in the challenges.

Graduation Requirements: Participation in weekly challenges, coming to class prepared including homework completed.

Homework Requirements: Study time tables for the upcoming week's challenge. Work shown on flash cards on the ring provided for the class.

Class Description:

This is a competitive class to ensure students come out with multiplication tables 0-12 memorized by the end of the semester. There will be weekly homework to make sure students are able to compete with other students to show off how quickly they can write the times tables correctly assigned for that week. Each student will have a ring of flash cards to complete for the next class to show they've prepared themselves. We'll wrap up with a timed competition completing the multiplication table from memory to show off the new skill set as a class.

Week 1:

Intro and 0, 1 times tables
