Prerequisites: All Level 3 requirements PLUS HCU's attendance policy!

Students will read out loud in class

Graduation Requirements: 3 full book reports over each book discussed and read

Homework Requirements:Daily reading and workbook assignments.

Class Description:

Roses & Thorns of Life is a class designed to develop impactful world changers! We will be reading through 3 out of the 9 books from the Mastery Series by Thibaus Meurisse and doing a correlating workbook! These books are Master Your Emotions, Master Your Motivation, and Master Your Focus.

This class will help your student grow in their self-esteem and confidence, learn about their feelings and emotions & how to work through them, learn about the importance of community (friendship), and trusting them, and to grow in life skills at their level! Plus the curriculum will help them with areas that many of us struggle with -- emotions, motivation, and being focused!

Throughout the book there will be discussions and mini workshops for the students to ask more questions and engage what they are learning from Thibaus Meurisse and myself!
