Teacher Name: Candice Braun

Class Day: Friday

Class Size: 14

Class Supply Fee: \$26

Class Fee: \$96

Ages or color group served: Green

What level is this class: Level 0

Prerequisites: NA

Graduation Requirements: NA

Homework Requirements: NA

Class Description:

Grab your safari hat and get ready to explore the amazing world of animals! In this exciting 12-week zoology class, young learners will become junior zoologists as they discover creatures from all over the globe. Each week features a different group of animals—from fierce jungle cats to colorful rainforest frogs, waddling penguins to buzzing bees—through hands-on crafts, movement games, songs, stories, and fun facts.

Kids will learn what makes mammals different from reptiles, why some animals live in the cold and others in the desert, and how creatures protect themselves in the wild. Our final session ends with an Animal Adventure Day celebration, and families are invited to join the fun! We'll also offer an optional zoo field trip to see real animals up close and practice our observation skills along with some instructional activities.

Get ready to crawl, hop, flap, and roar your way through the animal kingdom!

Week 1:

Meet the Mammals: Lions & Tigers & Bears OH MY!

Week 2:

Brilliant Birds: Owls & Penguins

Week 3:

Reptile Roundup: Snakes & Turtles
