CAREER COACH

TRANSFORMING LIVES

CHOOSE THE RIGHT PATH

BY VIKAS SHARMA

Education is organic, it keeps growing and evolves with time and the human mind. This is the major reason why education provided in different nations of the world is different. The principles on which education systems are formed are different for every nation. However, the aim is similar, i.e. to instill creativity within the human mind. Every education system has its pros and cons, in simple words - advantages and disadvantages. As a developing nation, the Indian education system has been developed on the pillars that support thorough theoretical knowledge and prepare the students for some of the toughest competitive exams in the world. Whereas education systems of other developed nations are more flexible allowing students to pursue varied career opportunities other than the mainstream options. We at TGA, fulfil all the gaps.

What We Do

Career Guidance

Our highly qualified staff helps you find the best career path for you based on multiple parameters like skills, interests & aptitude. Safe student friendly environment for sharing their queries is assured.

Online Education

Our internet based online teaching platform designed especially for 11th & 12th Science students, encompasses lectures, doubt solving sessions, test series & regular progress report on fingertips. The programme is completely flexible & allows customized learning experience.

Motivational Seminars

Our highly motivated experts ignites the potential & initiates the aspiration of a student to achieve the goal. All seminars are goal oriented mainly organized for students at all levels & working class employees at managerial levels.

College Admission Support

Getting into the best college seems intimidating, especially when there are thousands of colleges. We guide you through all the steps from planning till stepping into one. These step by step procedure designed by our experts can help choose the best option in terms of education, placements & finances as well.

Offline Education

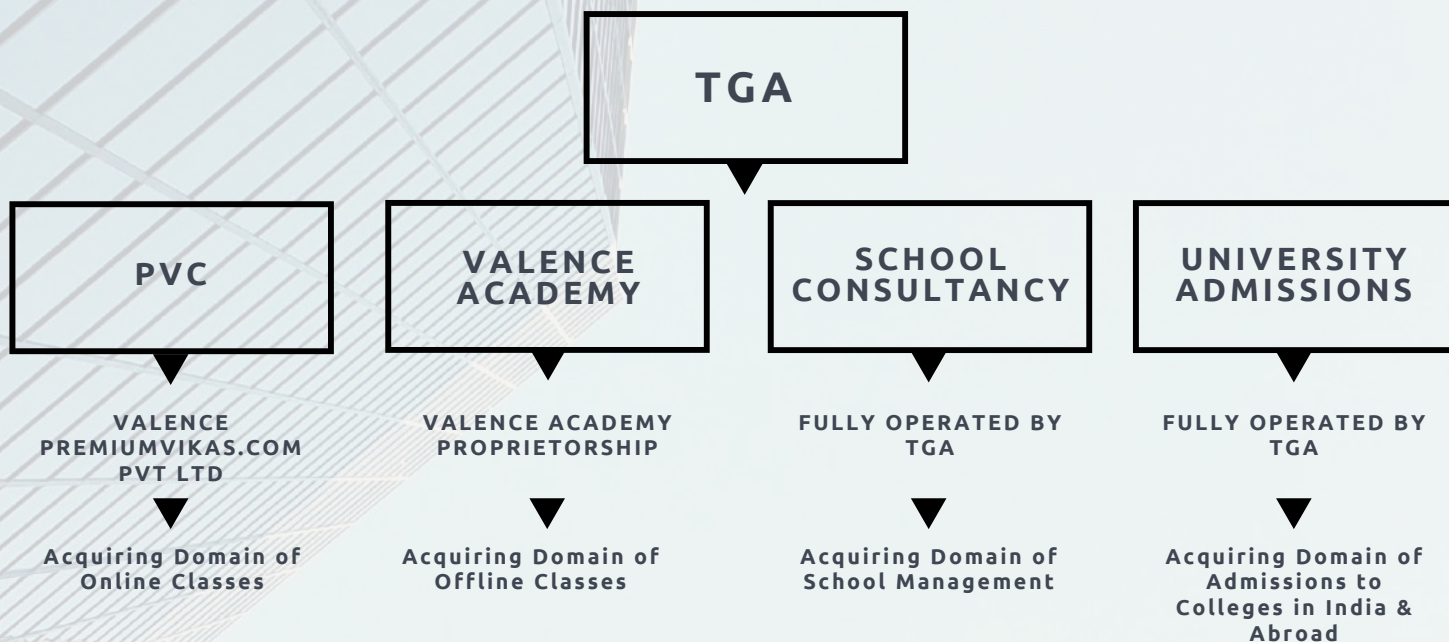

Offline based teaching learning platform is for students who want to attend the lectures at our premises. It is designed with all the faculty support, study material, regular practices sessions & lectures along with motivational guidance to boost the performance.

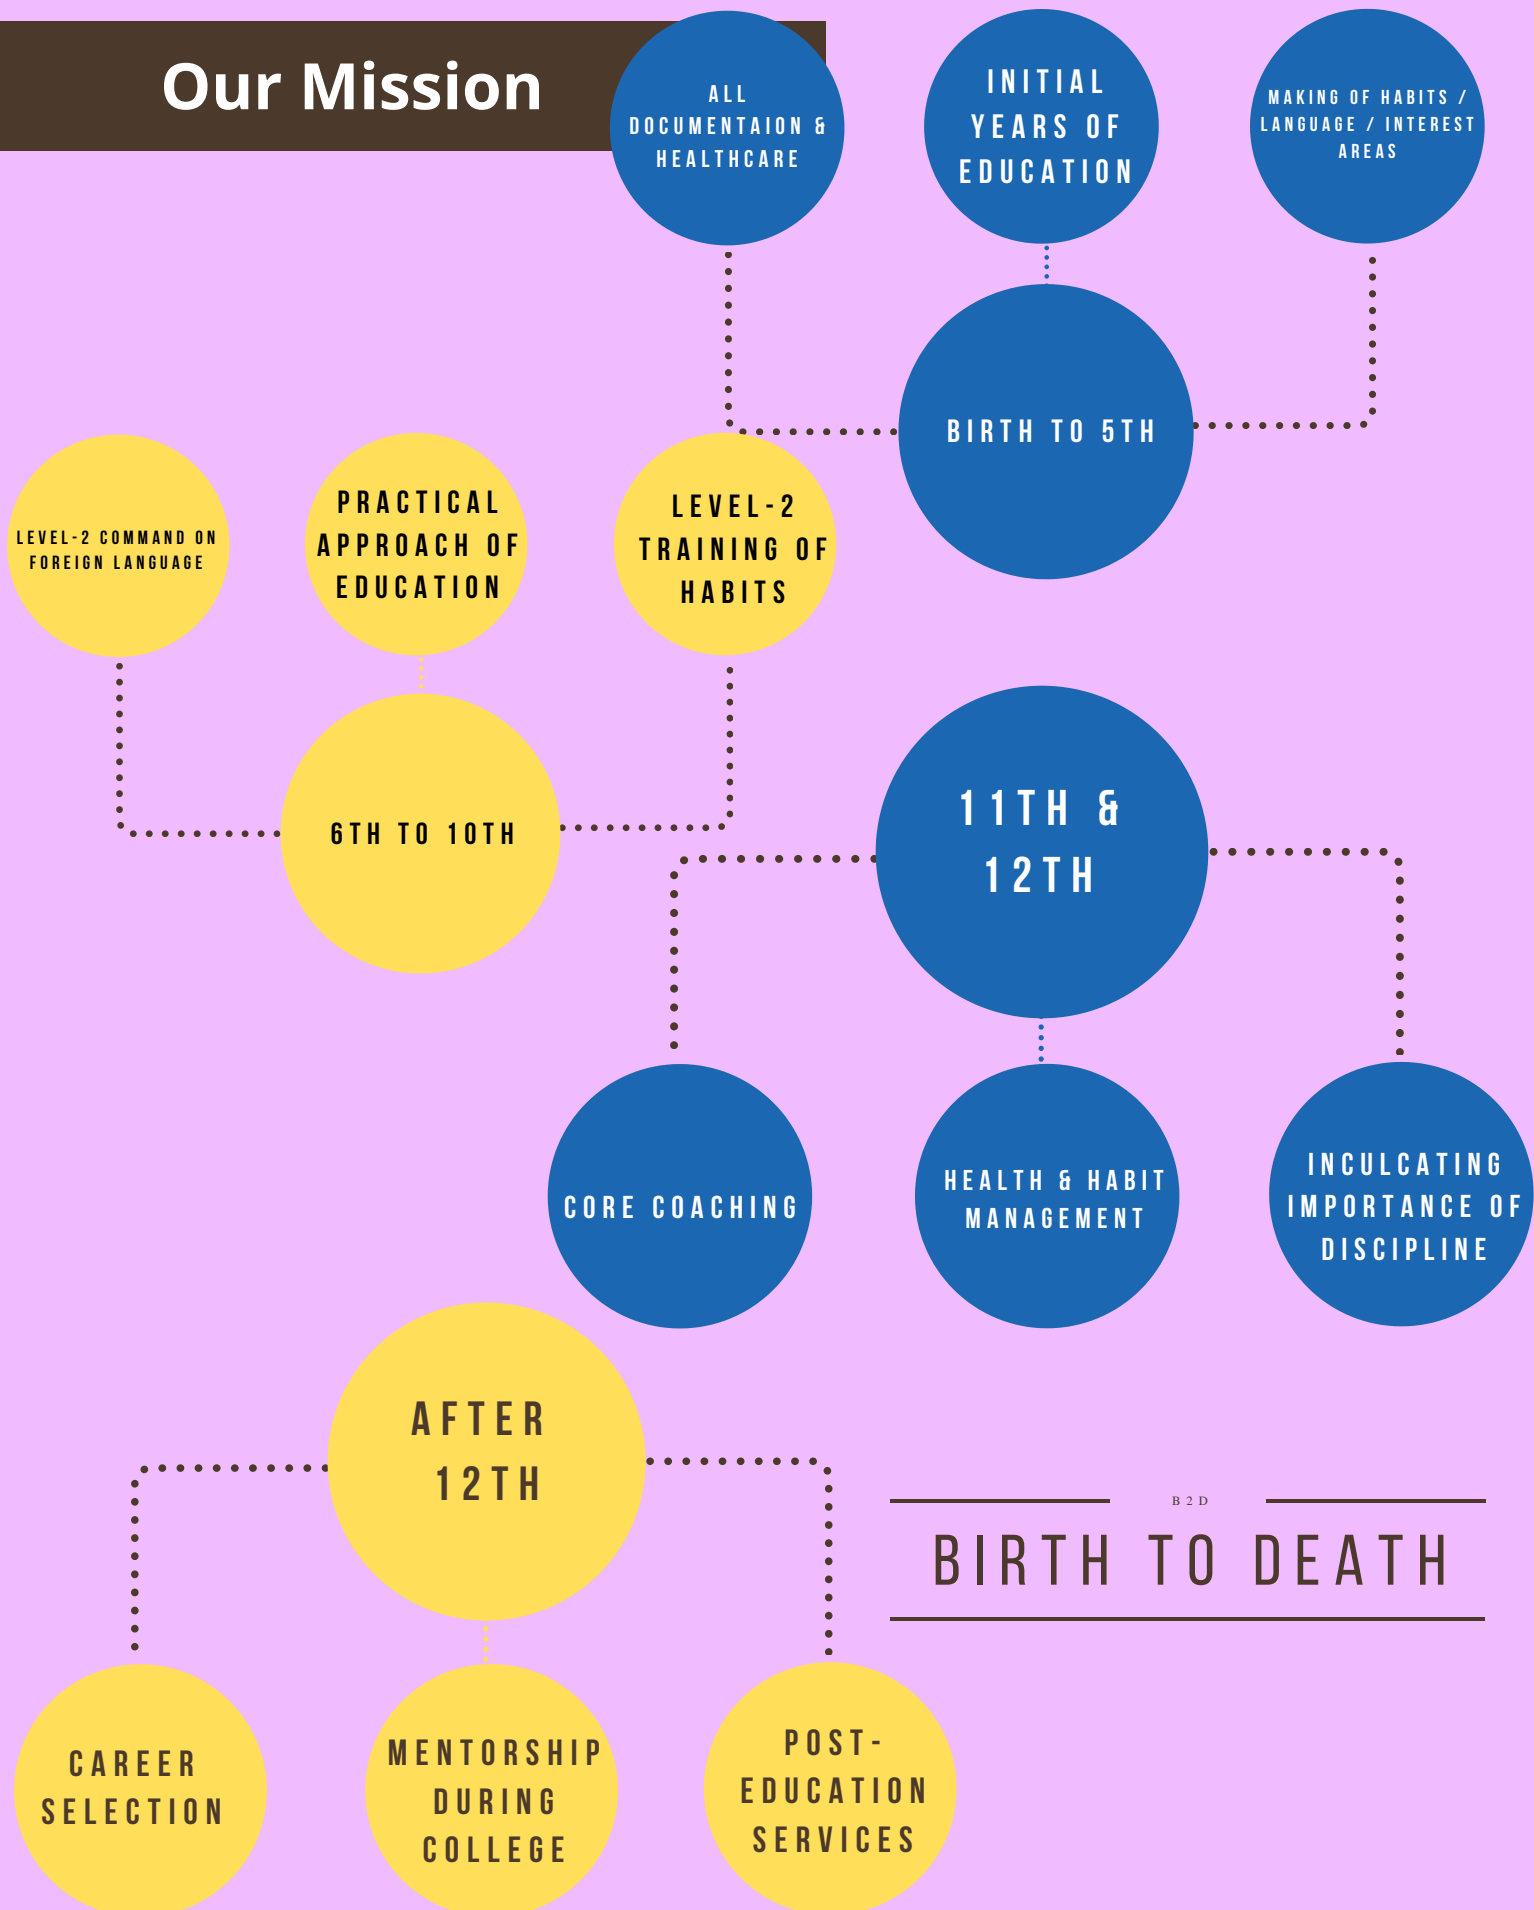

Overseas Education

Established as one of the biggest networks in the nation, with a huge chain of top universities world-wide that provides highest quality of education whether in business, engineering or medicine. We at THEGRAND not only provide admissions to colleges but also look after the comfort of a student in a foreign country.

Our Organisation

Our Mission

How we Work?

Step 1: Commencement

Our expert team tries to gather all the relevant information about the student through various emotional, scientific & tech based methods. They also engage in building a therapeutic alliance with the student to ease communication, enabling them to share their goals and expectations from our experts.

Step 2: Exploration

During this step, our team analyses all the possibilities that favor the student on the basis of the data collected from the student.

Step 3: Decision Making

Through counseling, we decide what's best for the student. We also help them take the crucial decision about the most suitable career option for them, from a range of alternatives.

Step 4: Preparation

This step involves real implementation towards the goal. We guide the student in a direction towards improvement of the requisite skills.

Step 5: Execution

We prepare the student for all the upcoming challenges by equipping them with potential resources, methods & techniques.
