

Welcome to a new year! Our goal each month is to provide some design and lifestyle inspiration as well as recommendations, stories, and a peek into the lives of our amazing community.

Get organized x10

Whether you clean your own house or someone else helps you, creating a home cleaning kit increases efficiency and ensures you put the right product on each surface.

TIPS:

- Label cleaners for each type of surface clearly (if you use reusable bottles, you can label the basket as well).
- Include different colored cleaning cloths for each product so cleaners are not transferred to surfaces which they are not recommended.
- Create a one-page list of each room and the tasks/cleaners to be used on each surface.
- Lastly, include a full binder of the manufacture "Care" recommendations, product specifications, etc, for the surfaces, fixtures and furniture in your home.

At the end of a big job, Ruth Casper Design clients receive a cleaning binder for their materials. On the next page are some examples and recommendations.

let's talk custom

Custom furniture can be a great option when looking for furnishings that reflect your personality and lifestyle, or if it simply needs to be just the right unique scale and finish. Furniture can be designed to be one-of-a-kind, if you're looking to be unique. Depending on your budget, often the furniture can be made of higher-quality materials than many retailers offer. You have the option to choose from an endless selection of fabrics and materials.

Here is an example designed by Ruth Casper Design Studio for a master bedroom. This wingback headboard makes a statement in this elegant bedroom.

GET ORGANIZED

EACH MONTH: STEP CLOSER TO LESS CLUTTER

Organization is often a goal in homes, but it can be overwhelming! Each month we will suggest one item to go through and toss in your home. Hopefully by working in small categories, it will help you on your journey to a less clutter. It shouldn't take long, and if you are inspired to do more, let us know. We can help with a more advanced plan for organizing any space in your home.

THIS MONTH: Cleaning supplies

Do you have scrub brushes, sponges, plungers, cleaning products, or other cleaning supplies that have seen better days or have never seen the light of day? Time to discard, replace, and relocate.
