Highlight! We were able to highlight two of our favorite artists at the Art Walk at the MDC this year. Sale Prices are extended to our clients through the end of April. Please come in and check out Weatherly Stroh originals and prints and Epiphany glass sculptures.

RECENT PROJECT SPOTLIGHT

When this pantry was designed it included a counter top for a coffee station and plenty of storage, but the highlight is what can be seen from the kitchen when the barndoor is open. RCD styled this pantry in two ways. One focused on the incredible collections of China, copper, and silver the homeowner loves. The second is for everyday use for the family who doesn't cook often.

EVERYDAY

COLLECTIONS

The family loves green, and the darker green of the pantry coordinates with the lighter shade in the kitchen cabinets and floral tile in the mudroom. The ample cabinet space allowed for a cleaner look in the open pantry.

GET ORGANIZED

EACH MONTH: STEP CLOSER TO LESS CLUTTER

Organization in our life is often a goal, but it can be overwhelming! Each month we will suggest one item to go through and toss in your home. Hopefully by working in small categories, it will help you on your journey to a less clutter. It shouldn't take long, and if you are inspired to do more, let us know how we can help

THIS MONTH: Pantry

I don't know how it happens, but every time I purge my pantry, I find a can or two that expired several years ago. How does this happen? Am I buying expired cans? If I clean it out often, how can these cans exist?! Take the time to refresh your flour, baking soda, and other staples that you may need to replace. Throw away outdated products or donate items you know will not be consumed. This is a great time to put like items together or contain in baskets- clear or concealed.
