# RUTH CASPER DESIGN STUDIO & COLLABORATIVE NEWSLETTER

Happy May. So much has happened in the last few weeks! Our goal each month is to provide some design and lifestyle inspiration as well as recommendations, stories, and a peek into the lives of our amazing community.

## High Point Market

Ruth and Amiee spent a few days at Market looking for the best products for our customers. They say on couches, both indoor and out, found the most amazing and comfortable furniture and the best pillows and accessories. It is amazing how much you can learn from wandering through hundreds of vendors to see in person items that aren't always clear online or in a catalog. This knowledge is why people work with Ruth Casper Design Studio!

ROMANS 8:28

Homes are so much more than walls, furnishings and materials. Homes are the heartbeat of family. Home is where life brings us joy, comforts us during challenging times, provides rest when our body is weary, and inspires us to live life to its fullest.

The walls, furnishings and materials selected and installed properly can elevate your spirit and personality. Our mission is designing the heart of the home to reflect the customer. We are a company focused daily on the foundation of Faith, and to strive to use the God given talent instilled in us.

One of the finds at Furniture Market, North Carolina last month are area rugs by Jaipur. RCD has several samples we can bring to your home. If you're looking to update with a new area rug or new carpeting we have you covered.

# BATHROOM SERIES

One room in the house that is often number one on the list of "needs to be updated" is the bathroom! Ruth has done several, so over the next few issues, we will look at some of our favorites. Working with good people makes all the difference! Ruth has 25 years of experience vetting the best people to work on your job. Ruth's team does it all from any empty hull to a gorgeous final product.

# GET ORGANIZED

EACH MONTH: STEP CLOSER TO LESS CLUTTER

Organization is often a goal in homes, but it can be overwhelming! Each month we will suggest one item to go through and toss in your home. Hopefully by working in small categories, it will help you on your journey to a less clutter. It shouldn't take long, and if you are inspired to do more, let us know how we can help!

## THIS MONTH: Dishtowels

Sometimes we have an overflowing drawer of dish towels or the few we have are dingy. If you consider the price per use, there is no reason these can't be replaced or upgraded more often. Go through them and look for stains, tears, or just plain overuse and discard or repurchase.
