

While Texas is amid an unprecedented active invasion of our sovereign southern border, numerous Texas Republican Congressional Representatives disregarded the warning from the House Freedom Caucus, which urged GOP Representatives to protect our military from medical tyranny and secure the southern border. Immigration issues do NOT belong in the National Defense Authorization Act (NDAA), and our military MUST be protected from forced medical tyranny.

Yet, the following TX GOP Congressional Representatives instead voted for Amendment 334, which effectively grants amnesty privileges to children of H-1B Visa workers.

Below is the list of the GOP Congressional Representatives who voted against putting Texans & Americans first. We must hold our elected officials accountable. We encourage every outraged Texan to call each Representative and **RESPECTFULLY** voice their disappointment in their vote.

Representatives that voted FOR amnesty

Representative	District	Office Phone Number
Rep. Brady	Dist 8, The Woodlands	(202) 225-4901
Rep. Carter	Dist 31, Round Rock	(202) 225-3864
Rep. Fallon	Dist 4, Sherman	(202) 225-6673
Rep. Mayra Flores	Dist 34, McAllen	(202) 225-9901
Rep. Tony Gonzales	Dist 23, San Antonio	(202) 225-4511
Rep. Gooden	Dist 5, Terrell	(202) 225-3484
Rep. Granger	Dist 12, Ft. Worth	(202) 225-5071
Rep. McCaul	Dist 10, Austin	(202) 225-2401
Rep. Taylor	Dist 3, Plano	(202) 225-4201

These amendments CAN BE STOPPED in the Senate. As such we are also calling on Border Advocates to encourage Senator Cruz to strike out amnesty in the NDAA bill and put Texas First.

Senator Cruz Office Number: (202) 224-5922

If this border crisis is to be immediately addressed Texas elected officials MUST stop incentivizing mass illegal immigration. Amnesty is one of the top incentives driving the invasion of Texas, and as such it is past time for our elected officials to take bold moves to stop this crisis.

As a citizen of Texas, I would respectfully like an explanation on why you voted against putting Texas citizens first. Thank you.
