Had a very successful and eventful 4<sup>th</sup> of July. Have heard many great compliments on our parade. Only had one incident at Newton Park where a guest had to be asked to leave for his behavior and verbally assaulting staff and refusing to cooperate.

Met with an engineer from AEP last week at Culp park. They approved the placement for the 200amp farm panel and will be upgrading the transformer in the next week and we should have everything hooked up in the next 2 weeks.
