

my eyes are left for me to see
blockers gone and clear I see

restore my sight , my sight renewed

CLARITY AND RENEWAL

RESTORED VISION

With obstacles finally lifted, my eyes remain
to witness the world. What once blocked my

view has vanished, leaving a clear path for
new sights and experiences.

ABUNDANT POSSIBILITIES

No longer limited by what was hidden, I am
granted more to see, more to gain, and more
to cherish. The aftermath is a landscape of
opportunity, open to growth and discovery.
