## Introduction

The Children Services Public Information Office is proud to make available the Franklin County Children Services Resource Guide. This guide serves as only one of many avenues that the agency has implemented to demonstrate our commitment to protecting children by strengthening families.

The well-being of our children and the support of their families are the most important measures of a community's quality of life. It is our hope that this Resource Guide serves as a convenient tool for accessing vital information, services, and programs that will help benefit children and families throughout the community.

## About Franklin County Children Services

Children Services is the public agency mandated by federal and state laws to protect children from abuse and neglect. By being in partnership with more than 100 agencies and organizations, and with the help of over 700 employees, 500 kinship caregivers, 200 adoptive families and 500 volunteers and mentors and hundreds of community foster parents, the agency is committed to making sure that every child has a safe and stable home.

Each year, Franklin County Children Services helps more than 30,000 children and their families through prevention, protection, placement and permanency programs. The agency protects and cares for children in cooperation with parents whenever possible, by providing services to alleviate the problems that led the family to the attention of Children Services. These services include:

- In-home counseling and community social and mental health services
- Youth Transition Services
- Volunteer services
- Placement of children in temporary foster homes through partner agencies
- Kinship placement and support
- Other supportive services that enable the parents or caregivers to maintain or resume their role of raising their children

When parents are still unable to care for their children, Children Services petitions the court for permanent custody and places children in adoptive homes.

Franklin County Children Services is governed by a **volunteer board** that establishes policy for the agency. The Executive Director is responsible for agency operations. Children Services is regulated by statutory mandates of the state and federal governments and regulations of the Ohio Department of Job and Family Services. The agency is a member of the Child Welfare League of America (CWLA).

The **Citizens Advisory Committee** is comprised of volunteers representing diverse backgrounds within our community. All members are reviewed by application and then appointed by the Children Services Board. They are a caring group devoted to giving children additional opportunities that are not a part of the traditional foster care or placement experience.

## Kinship Care

Kinship care is when a relative or non-relative has taken over the full-time care, nurturing and protection of a child. It should be noted that the definition for kinship caregivers goes beyond the scope of blood relatives, and may include an adult who has a familiar relationship/bond with the child and/or family.

Kinship care represents the most desired out-of-home placement option for children who cannot live with their parents on a temporary basis or permanently. Children placed with their relatives are better able to maintain their sense of belonging and identity with their family's culture, history and traditions.

Kinship care includes those relationships established through an informal arrangement, a legal custody or guardianship order, a relative foster care placement, or a kinship adoption. **Call FCCS Kinship Care at (614) 341-6161.**

### Kinship Caregiver Interested in Foster Parenting

If you are a kinship caregiver you may be eligible to become a foster parent. If interested in beginning the process to become a foster parent, please visit foster care information website at <https://fosterandadopt.jfs.ohio.gov/wps/portal/gov/ofc/foster-care/becoming-a-foster-parent>.

**The Kinship Support Program** is available to eligible kinship caregivers to provide temporary financial support for placement of children under agency custody into kinship caregiver's home. There is no application to complete to be part of this program.
