Protecting Children by Strengthening Families

Friendship Volunteers

“It’s amazing to see the effect one person has on the life of a child.”
– FCCS Friendship Volunteer

Many children under the care of Children Services depend on volunteers and mentors to guide them through difficult times, develop their self-esteem and provide hope for the future.

Friendship volunteers give children the opportunity to have positive and meaningful relationships with adults.

-  **Activities can be up to you and can be a part of your normal routine.**
-  **Opportunities are available for planned group events.**
