Malaika Mentors

Malaika is a culturally-specific mentoring program matching African American girls under the care of Franklin County Children Services with African American women.

Mentors have the opportunity to guide girls toward development of their self-esteem, academic excellence, career goals and plans for the future.

Malaika mentors give children the opportunity to have positive and meaningful relationships with adults.

-  **Activities can be up to you and can be a part of your normal routine.**
-  **Opportunities are available for planned group events.**
