INTRODUCTION

I'm Jazzleen, not a tour guide but I was born & brought up in J&K. So this land runs in my blood. I know most of the hidden and local spots, so you'll see Kashmir from the lens of someone who truly knows it. As a content creator, I have travelled to almost 20 Indian states and 12 countries, hence I bring a unique lens. I'll take you both to an Instagram worthy spot and offbeat/serene places.

As a company, our goal is to provide our clients with authentic, personalised and experience based trips. So if you are looking for a unique experience, you are at the right place.
