

## WELCOME TO BE WELL BY SOUND HEALTH PHYSICIANS

We are excited for the opportunity to meet you and provide you with exceptional care and expertise. As a member of our practice, you will receive the time and attention you need as we provide unhurried visits to ensure you receive the best care possible.

As we are a membership practice, there is a monthly membership fee which is not covered by insurance. We do also bill insurance for visits and enclosed you will find a list of insurance companies we are contracted with. With this you receive many amenities such as 24/7 access to your medical provider, invitations to free events which we frequently host such as healthy cooking classes and educational teaching.

It is our goal to work with you to empower you to make positive changes to improve not just your health, but your quality of life.

Enclosed in this folder are the following items which need to be completed prior to the first visit:

- **Member Practice Agreement**
- **Health Questionnaire**
- **Authorization to Release Medical Records** (we will request your prior medical records prior to your first visit so please return as soon as possible)
- **Notice of Privacy Practices Acknowledgment** (sign after you have read the enclosed HIPAA required Notice of Privacy Practices)

We hope to see you soon!

Sincerely,

Sound Health Physicians
