ABOUT DIANE'S

Diane's Greenhouse is a family owned business. We started our greenhouse in 2000. With only a thought and a prayer, and no experience, we knew we could do this. Our goal is to serve the customer with superior service. We strive for the highest quality plants you can find. We will continue to educate ourselves, and you, on having the best possible flower beds and containers possible. We hope you feel a little more like a pro, at the end of each season.

TO OUR GARDENING FRIENDS

We started 25 years ago! Every year just goes by faster and faster.

It's so fun, to start up the greenhouse in February, when it's still cold and snowy outside.

It's full steam ahead when we start planting. The dirt will be flying!

There will be more perennials this year. I just love garden phlox and there are so many colors you can choose. Or just use them all and really make a statement.

We had another dry summer, but a few timely rains. We were still deep watering until the end of November. We do 12 hour shifts of deep watering and keep moving our sprinkler around to get everything watered for winter. Once the ground is frozen, **STOP WATERING!!**

We can't wait to see all our old and new customers again. It's magic to watch the plants grow up and see everything go to our customers homes to enjoy. We thank each and every one of you, for helping our dreams come true. It's been 25 years of a blur!

We wish everyone the best gardening year ever! And an over abundance of produce and flowers!

HAPPY GARDENING! DIANE

CHECK FACEBOOK FOR WORKSHOP DETAILS!

Make sure to "like" Diane's Greenhouse Facebook page. This is the only way to qualify for giveaways!

SPRING WORKSHOPS

FRIDAY, FEB. 28

BEER AND BASKET

Drop in from 2-7 p.m. Please be finished by 7 p.m.

SATURDAY, MARCH 1 & 8

MAKE A CONTAINER/BASKET

Make and take fairy garden. Drop in from 9 a.m.- 3 p.m. Containers will be left at the greenhouse until Mother's Day. Check Facebook for details.

LANDSCAPING

DIY is very popular when it comes to landscaping. At Diane's Greenhouse, we want you to become good at landscaping. Bring in, or email pictures and measurements and we will supply the plan. There's no charge for the plan, but we require you to buy all plants from us. We will teach you how!

If DIY is not for you, we will refer you to the landscaper we use. Let us make your dream come true! No job is too big

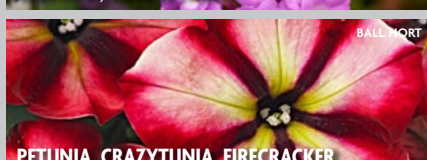

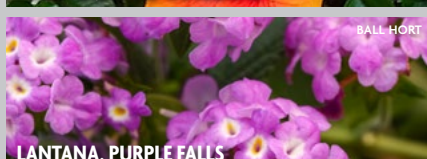

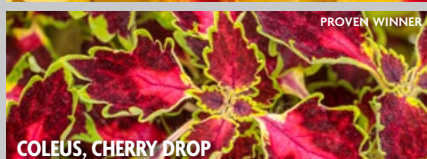

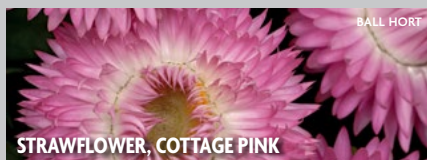

PHOTOS BY NEU POND LANDSCAPING

CAN'T MISS 2025 NEW ANNUALS

Make sure you fertilize your containers every week with "Daniels," fertilizer. It will make a difference. And in the heat of summer, water your containers 2-3 times per day. Keep the soil moist.

FALL WORKSHOPS

SATURDAY, SEPT. 6, 13 & 20
SATURDAY MAKE & TAKE WORKSHOPS
Drop in from 9 a.m.-3 p.m.

FRIDAY, SEPT. 12
FRIDAY MAKE & TAKE WORKSHOP
BEER & BASKET

We provide the refreshments-you provide the fun! Drop in from 2-7 p.m. Please be finished by 7 p.m. Check Facebook for details

SEPT. 12-14
FALL OPEN HOUSE

SATURDAY, SEPT. 27 & OCT. 4
SATURDAY MAKE & TAKE WORKSHOPS
Drop in from 9-noon

OUR WORKSHOPS MAKE FUN MEMORIES FOR FAMILY AND FRIENDS!
IT'S ALSO A GREAT TEAM BUILDING EXPERIENCE.
ANY QUESTIONS, JUST CALL. 402-357-3754

WINTER WORKSHOPS

SATURDAY, NOV. 8
DROP IN FROM 9 A.M.-1 P.M.

SUNDAY, NOV. 30
DROP IN FROM NOON- 3 P.M.

NOV. 14-16
CHRISTMAS OPEN HOUSE

SATURDAY, DEC. 6
DROP IN FROM 9-NOON

FRIDAY, NOV. 14 (BEER AND BASKET)
DROP IN FROM 1-7 P.M.

SATURDAY, NOV. 15
DROP IN 9-3 P.M.

SATURDAY, NOV. 22
DROP IN FROM 9 A.M.-3 P.M.

SUNDAY, NOV. 23
DROP IN FROM
NOON-3 P.M.

FRIDAY, NOV. 28 (BLACK FRIDAY)
DROP IN FROM
10 A.M.-5 P.M.

**SATURDAY,
NOV. 29**
DROP IN FROM
9 A.M.-3 P.M.

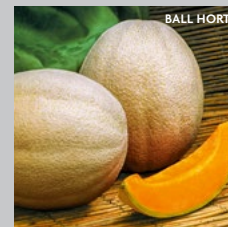

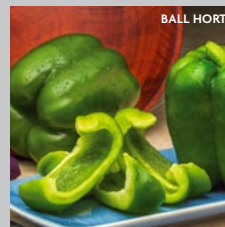

DIANE'S HELPFUL HINTS

GROWING VEGETABLES

So many people have problems with blight on their tomatoes. I have found two things that could eliminate blight from your garden. Consistency in keeping your garden moist. A 1" layer of mushroom compost will help hold in the moisture for your plants. Nutrition! Add 1-2 ice cream buckets full of mushroom compost to each plant. For a tomato, dig your hole, as deep as the tomato plant. Work in 1-2 ice cream buckets full of mushroom compost. Then plant your tomato plant deep – leave a couple of inches above ground. The whole stem will form roots. The mushroom compost will add beneficial bacteria into the soil. This will choke out the bad bacteria, and create a healthier plant. I know this works! No need to add any other fertilizer for the season. You will be able to grow fewer plants, because the plants you have will produce more fruit! I don't like grass clippings for mulch. Especially, if you used weed and feed on your lawn.

Also, If you are using other compost, do you know what's in it? Is it composted lawn clippings? Full of herbicide? Please don't add it to the garden!

VISIT US ONLINE DIANESGREENHOUSE.COM

On our website you will find useful gardening information, this catalog, tips and more! You can also access our Facebook from the website to see how things are going in the greenhouse and get an insider's view of the greenhouse business.

ACHILLEA, FIREFLY FUSCHIA (YARROW) Excellent flowering. Deep fuchsia pink in summer. Deadhead old flowers/it will rebloom. Sun, Hgt. 26-30", Zone 4-8.

ACHILLEA, NEW VINTAGE TERRA COTTA (YARROW) Beautiful color for the garden. Good pollinator. Great rebloomer. Sun, Hgt. 26-28", Zone 4-9.

ALCEA, SPOTLIGHT RADIANT ROSE (HOLLYHOCK) Flowers first year. Pink flowers in summer. Reseeds itself. Sun, Hgt. 5-6', Zone 2 flowers-9.

ALLIUM, SERENDIPITY Globe like, rosy-purple flowers in mid to late summer. Sun, Hgt. 15-20", Zone 4-8.

AQUILEGIA, EARLYBIRD PURPLE/BLUE (COLUMBINE) Wine purple flowers with indigo blue center. Reseeds. So easy to grow. Sun or Shade, Hgt. 20-24", Zone 4-9.

ARALIA, SUN KING Hardy and tropical looking. Brightens up the shade garden. Bright gold leaves. Shade, Hgt. 3', Zone 3-9.

ASCLEPIAS, TUBEROSA (SILKWOOD) Blooms in summer. Brilliant orange flowers. Late to break dormancy. Full Sun, Hgt. 40", Zone 4.

ASTER, PURPLE Great fall color. Mix with mums and other asters. Long bloom time in fall. Full Sun, Hgt. 15, Zone 3.

ASTILBE, DEUTSCHLAND Beautiful white flowers. White flowers dance above glossy foliage. Shade, Hgt. 18-24", Zone 4-9.

ASTILBE, MIGHTY CHOCOLATE CHERRY Giant astilbe has clusters of cherry red flowers on dark stems up to 4' tall. Shade, Hgt. 3-4', Zone 3-8.

ASTILBE, PUMILA Lilac pink flowers. Later to bloom than other astilbes. A dwarf astilbe. Shade, Hgt. 12-16", Zone 4-9.

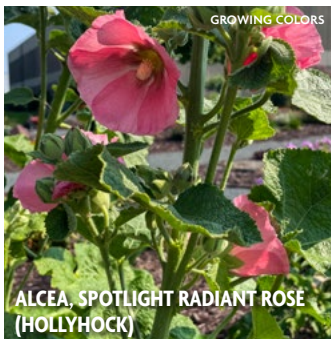

BERGENIA, PEPPERMINT PATTY White flowers have a pink throat. Flowers above foliage. Proven Winner plant. Shade, Hgt. 16-18", Zone 4-8.

DIANE RECOMMENDS MUSHROOM COMPOST

Totally organic rich dark mixture of wheat straw, peat moss, cottonseed meal, gypsum, lime and chicken litter. This combination is superior to other compost.

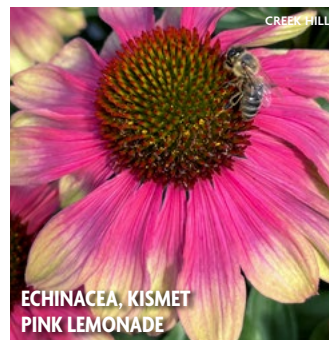

- ▶ Compost will keep the ground temperature cooler and help add moisture.
- ▶ Work in 2-3" layer when planting a new tree, add a 2 gallon bucket full.
- ▶ Add a 2" layer to large (whiskey barrel size) containers.
- ▶ Add a 5 qt. ice cream bucket full/vegetable plant.
- ▶ Top dress all containers, existing flower beds and trees.
- ▶ Add a 1 gallon bucket of mushroom compost/perennial.
- ▶ The end of June (after soil temps heat up) mulch each vegetable plant with a 1" layer of mushroom compost.

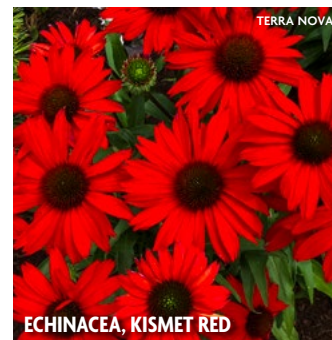

ECHINACEA, FIERY MEADOW MAMA

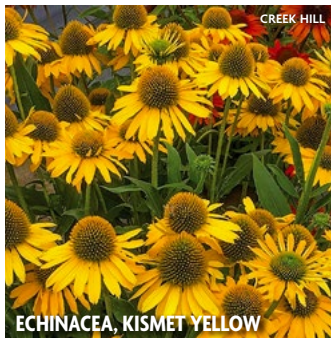

ECHINACEA, KISMET INTENSE ORANGE

ECHINACEA, KISMET PINK LEMONADE

ECHINACEA, KISMET RED

ECHINACEA, KISMET YELLOW

ECHINACEA, MOAB SUNSET

ECHINACEA, POW WOW WILD BERRY

ECHINACEA, PRETTY PARASOLS

ECHINACEA, SUNSEEKER MINEOLA

ECHINACEA, SWEET FUCHSIA

ECHINACEA, FIERY MEADOW MAMA Bright yellow flowers with fiery red center. Great addition to the garden. Good pollinator. Sun, Hgt. 20-24", Zone 4-9.

ECHINACEA, KISMET INTENSE ORANGE Masses of flashy orange to pumpkin pie color in the summer. Loved by butterflies and birds. Sun, Hgt. 18", Zone 4-9.

ECHINACEA, KISMET PINK LEMONADE A two-toned flower is always an eyecatcher in the garden. Long lasting blooms. Good pollinator. Sun, Hgt. 14-18", Zone 4-9.

ECHINACEA, KISMET RED Large red and early blooming. Reblooms all summer. Sun, Hgt. 18", Zone 4-9.

ECHINACEA, KISMET YELLOW Butter yellow flowers. Exceptional flower count. Long lasting blooms. Good pollinator. Sun, Hgt. 14-18", Zone 4-9.

ECHINACEA, MOAB SUNSET Large and intense sunset flowers. So bright. All echinaceas are deer resistant. Good pollinator. Sun, Hgt. 12-20", Zone 4-9.

ECHINACEA, POW WOW WILD BERRY Deep purple, magenta pink flowers. Large 3-4" flowers. Stocky strong stems. Masses of color. Sun, Hgt. 12-16", Zone 4-9.

ECHINACEA, PRETTY PARASOLS Petals are facing downward, looking like a parasol. Love the 3 toned colors. Great for a butterfly garden. Sun, Hgt. 28-32", Zone 4-9.

ECHINACEA, SUNSEEKER MINEOLA Bright double tangerine flowers. Deer resistant. Strong stems. Good pollinator. Sun, Hgt. 24", Zone 4-9.

ECHINACEA, SWEET FUCHSIA Multiple rows of fuchsia pink petals. Love this color. Sun, Hgt. 18-24", Zone 4-9.

DIANE'S HELPFUL HINTS CARING FOR PERENNIALS

Why do plants die or why don't they thrive? The answer is simple — watering and/or nutrition, and quality of the plant from the beginning.

NUTRITION: I mention mushroom compost all the time. Why? Because I know it works. Add at least 1 gallon of mushroom compost/perennial. More if you have poor soil. You are adding the good bacteria the plant needs to thrive. Also, the compost will help hold moisture and will break up clay soil and add substance to sandy soil.

WATER: I hear it all the time, "I watered, watered, watered." Then you didn't water correctly, if your plant did not thrive. A newly planted perennial will need about 5 gallons/week during a dry spell. A newly planted tree will need 20 gallons/week. Things have been extreme the last couple of summers, don't be afraid to give your plant water! Giving your plant, a shot of water every day, is not enough! Deep watering is the way to go. That's where 1-3" of mushroom compost will help each plant, retain moisture and give it amazing benefits.

DIANE'S HELPFUL HINTS CREATING A HANGING BASKET

- ▶ Start with good quality potting soil – we use PRO MIX
- ▶ Use top quality plants – not all plants are created equal. At Diane's Greenhouse we give our plants the best care they can get. We use the best potting soil, they are watered when they need it and they are fed! So when our plants get to your house, they are ready to explode.

- ▶ When you get your basket home, you can give it a trim (see photo). I know it's hard to do, but it's worth it.

- ▶ After I trimmed it, I added 3 Tbs. of Proven Winner slow release. And I fertilized with "Nature's Source" (formerly known as Daniels), daily all through the summer.

- ▶ I water my baskets daily on a drip system.

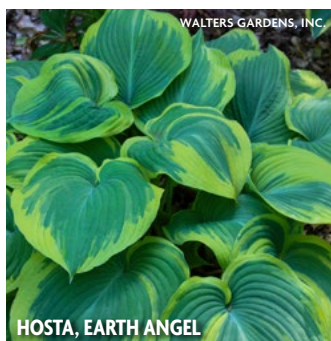

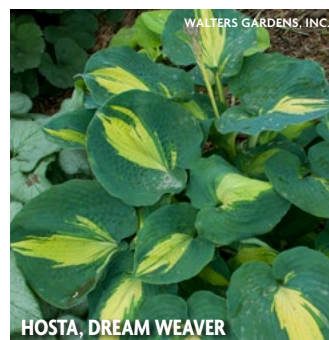

BEFORE TRIM

AFTER TRIM

IN AUGUST

HOSTA, BROAD BAND The more hostas the better!. Shade, Hgt. 23", Zone 3-9.

HOSTA, DANCING IN THE MOONLIGHT Ruffled creamy white edges. Very ruffled. Near white flowers. Shade, Hgt. 18", Zone 3-9.

HOSTA, DREAM WEAVER Blue green leaves with white center. White flowers. Shade, Hgt. 18", Zone 3-9.

HOSTA, DROP DEAD GORGEOUS Large leaves. Bright contrast between green and yellow margins. White flowers. Shade, Hgt. 30", Zone 3-9.

HOSTA, EARTH ANGEL Blue green leaves with creamy white margins. Pale lavender flowers. Shade, Hgt. 30", Zone 3-9.

HOSTA, HIGH SOCIETY Blue green leaves with puckerd leaves. Pale lavender flowers. Shade, Hgt. 21", Zone 3-9.

HOSTA, SHADOWLAND GIGANTOSAURUS GIANT blue leaves with wavy yellow margin. Pale lavender leaves. Proven Winner Plant. Shade, Hgt. 32", Zone 3-9.

DIANE'S HELPFUL HINTS TREES & SHRUBS

Diane's carries an assortment of trees including fruit, shade, ornamental and shrubs.

Visit dianesgreenhouse.com for a full list.

- ▶ Trees require 20 gallons of water/week
- ▶ Shrubs require 10 gallons/week
- ▶ Add a gallon bucket of mushroom compost to each vegetable plant. Also, mulch with a 3", layer. You'll be amazed with the results. Less disease and more fruit!
- ▶ Always plant a tree 2" above ground including mulch.
- ▶ When planting a new tree, cover the trunk with a white, perforated tree protector. This will protect the tree for the winter, and against rabbits. Leave on all year, until the tree forms it's real bark.
- ▶ When you purchase a tree or shrub, be sure to water the container every day. The tree or shrub must get planted wet! If it's a hot, windy day, water the container first, dig your hole and plant your item. Water the tree or shrub thoroughly. Keep the root ball of the tree or shrub moist. It helps to mulch your tree, to keep the moisture in the ground. We also recommend to incorporate one package of Soil Moist in the soil at time of planting. Most problems come from under watering or over watering.

PHLOX, GARDEN GIRLS DREAM GIRL Bright lavender pink flowers in summer. Disease resistant. Great rebloomer. Good pollinator. Sun, Hgt. 30", Zone 3-8.

PHLOX, GARDEN GIRLS GLAMOUR GIRLS Hot coral pink blooms in summer. Disease resistant. Great rebloomer. Good pollinator. Sun, Hgt. 30", Zone 3-8.
