TEBSI provide learners the freedom of time, space, and resources to increase their productivity, and through our collaborative omnichannel:

- They will think on multiple dimensions to discover the right thing to do next to
- Solve immediate business challenges with future ideas (based on what's to come, and not just of what was), and
- Identify and build future validated relevant opportunities.

TEBSI build creative DEI culture!

TEBSI help learners develop innovative growth mindset of diversity, equity and inclusion by showing them how to:

- Create a space to involve all stakeholders.
- Give everyone a fair access to knowledge to grow.
- Make everybody feel valued and appreciated to optimize their feeling of self-belonging.

TEBSI builds Breadth experience!

TEBSI' show learners how to connect and work with others within the company who have different skillsets to become capable of working in any setting within the company.

TEBSI creates Corporate Social Impact!

TEBSI help learners to prioritize doing work that consciously, systemically, and sustainably serves local or global community' needs for the business to remain growing.

TEBSI Is Unique!

TEBSI help learners to think and act like entrepreneurs within the company, become self-motivated, proactive, and action-driven people capable of taking the initiative to innovate products or services.

A group of four business professionals (three men and one woman) are gathered around a table in a meeting. They are looking at a tablet and some documents. The man on the left is pointing at the tablet. The woman on the right is also looking at the tablet. The man in the center is looking at the tablet. The woman on the far right is looking at the tablet. The background is a blurred office setting.

Learners will develop leadership capabilities!

1. To be able to be future focused - Learners will learn how to stay connected to all of their stakeholders' communities to discover their evolving social needs and aspirations throughout their life - to create a pipeline of future opportunities.
2. To be able to be good to people - Learners will learn how to engage with their business stakeholders' communities to discover their social priorities/interests and their ideas on how to take care of them, and then help them identify the initiatives that aligns their companies with their needs and aspirations to become a social star loved by everyone.
3. To be able to drive realistic results - Learners will learn how to discover ideas and solutions that are relevant to their stakeholders' communities and to their companies, and how to make them scalable and sustainable based on business stakeholders' communities social priorities and aspirations.
4. To be able to create customer focused ecosystem - Learners will learn how to build their career-business customer focused ecosystem (like a time travel innovation machine) necessary for them and their companies to remain connected and engaged with their stakeholders' communities to stay ahead.

Powerball Benefits
