Who are we?

Established in 1967, Development and Peace — Caritas Canada is the official international solidarity organization of the Catholic Church in Canada. We are inspired by the values of Catholic Social Teaching, particularly the preferential option for the poor.

We partner with organizations in the Global South that promote alternatives to unjust social, political and economic structures and support women in their quest for equality and justice. In Canada, we are organized as a democratic movement of volunteer members. Our members help Canadians understand the root causes of impoverishment and mobilize them to act for change.

Seeing, judging, acting during Share Lent

Share Lent is Development and Peace's moment of solidarity, when we raise funds in parishes across Canada to support our mission. This Lent, we invite you to walk in solidarity with our sisters and brothers in the Global South by using the Catholic method of reflection to:

- **SEE** how your gifts transform lives in Madagascar, Honduras and Cambodia;
- **JUDGE** the impact of your solidarity on the world; and
- **ACT** by choosing to give from the heart.

This Lent, let's put people and planet first

This year, Development and Peace — Caritas Canada's *People and Planet First* campaign calls you to support our sisters and brothers in the Global South in defending their rights and the planet. Do this by:

1. **Donating** online at devp.org/give or during the Solidarity Sunday collection on April 3, the fifth Sunday of Lent. Your generosity helps support over 85 projects in 27 countries around the world!
2. **Learning more by reading the Mini-magazine** and other resources available at devp.org/lent/resources.
3. **Signing the petition** for strong laws to control Canadian corporations' behaviour abroad at devp.org/act.

“Only love makes us capable of speaking the truth fully, in a non-partisan way; of saying what is wrong, but also of recognising all the goodness and holiness that are present in the Church, starting precisely with Jesus and Mary. Loving the Church, safeguarding the Church and walking with the Church. But the Church is not that little group that is close to the priest and commands everyone, no. The Church is everyone, everyone. On a journey. Safeguarding one another, looking out for each other.”

February 26th & 27th – Eighth Sunday in Ordinary Time

Dear People,

Our attention is drawn to a number of practical points on Christian living, which are broad in scope and rich in truth. Following Jesus, our Lord, is a serious occupation and leaves no room for comfortable complacency. For example, our words and conversation, the fruit of our tongues are a true indication of our spiritual health and our Christian life.

When we open our lips we should be intent on praising God and refrain from hurting our neighbour. We are asked to search as carefully for our own faults as we do for the faults of others. The person who is aware of his / her own weaknesses and is striving to overcome them is slow to judge and swift to give benefit of the doubt.

When preaching, Jesus drew His example from the obvious in everyday life and here we have Him commenting on the people who are preoccupied with spotlighting someone else's faults and yet are blind to their own. All this business of tittle-tattle, gossip spreading and finding faults in others, does untold damage as it results in tearing reputations to shred. Of course, this relates to the Sixth Commandment – Thou shall not kill.

Jesus was never in the judgement business. He used words to heal, restore and to bring back life, joy and hope. Our striving to imitate the Lord and produce the fruits of good living is one of a honest and perceptive Christian; knowing that it is only with God's help that they can be good and holy disciples of Christ.

Your generosity and continued support is greatly appreciated.
 God Bless!!
