# Community Connections

MONTHLY NEWSLETTER

## We Are Here for You!

Family Wellness Worker, Lori Miller, is available for all ages and grades, at Bashaw School, through parent request. She is happy to have a conversation with anyone wondering what may support their child.

Family and community wellness begins by reaching students and families in their educational setting in the capacity of emotional and social supports, programming and any other additional services required by bridging the Bashaw & Area Community Resource Centre's offerings, as needed. Through programming, one-on-one support or small group settings, students are able to grow and explore new opportunities. The Family Wellness Worker's role is to provide a safe place to listen and then holding that space for students and families no matter their concerns. Many topics are addressed including mental health, personal well-being, education, their joys, their challenges and their successes.

## WELLNESS NOTE

**Behavioral Health Consultant:** Trish Rasmussen, MPCC-Provisional

As we move through the school year, it's normal to experience moments of stress, frustration, or feeling overwhelmed. Between academics, extracurriculars, friendships, and responsibilities at home, students are balancing a lot. Remember, taking care of your mental health is just as important as completing assignments or preparing for exams.

### » PAUSE AND BREATHE

Try the 4-4-4 method. Breathe in for 4 seconds, hold for 4 seconds, and exhale for 4 seconds. Repeat 4 times. Slowing your breathing can calm your body and clear your mind.

### » BREAK TASKS INTO SMALLER STEPS

Large assignments can feel overwhelming. Break them into smaller, manageable pieces and focus on completing just one step at a time.

### » STAY CONNECTED

Talk to someone you trust, a friend, teacher, family member, or counsellor. Sharing how you feel can lighten the load and remind you that you're not alone.

### FASD Assessment & Diagnosis for Adults

The Adult FASD Clinic is for adults experiencing difficulties that are suspected to be a result of prenatal exposure to alcohol. These individuals may have difficulty with education, employment and independent living.

A referral is needed to access the clinic. The referring person can be a professional working with the client, including advocates from agencies that are associated with the Prairie Central FASD Association, health care or other agencies; or personal sources including family, adoptive parents, guardians or caregivers.

Self-referrals can also be accepted if the individual is connected to supports and has a designated representative to assist them through the application and assessment process.

*To access the Adult FASD Referral Package, please contact Amanda, Adult Clinic Coordinator at  
[a.lindholm@prairiecentralfasd.ca](mailto:a.lindholm@prairiecentralfasd.ca)*
