Family and Community Wellness

Family and community wellness begins by reaching students and families in an educational setting, within the Bashaw School. This is accomplished by the Wellness Coordinator in the capacity of emotional and social supports, programming and any other additional services required, bridging the Centre's offerings as needed. Through Roots of Empathy, the Drama Program, one-on-one support or small group settings students are able to grow and explore new opportunities. The Wellness Coordinator connects with students while providing a safe place to listen and hold space for them no matter their concerns. Many topics are addressed including mental health, personal well-being, homelife, education, their joys and their successes.

The Bashaw School is, one of the 4 key partners, apart of the Community Wellness Team established in 2018 to help support individuals and families by providing integrated wrap around services. Their work links family & community support services, adult learning & literacy, justice, health and education.

We are creating a list of Buck/Doe volunteers who can be available to attend events with Kids. Volunteers will be contacted when a child wants to participate in an activity, but does not have an adult who can accompany them.

We want to ensure that if this happens, we have dedicated Bucks/Does who can help out!

All volunteers must provide a current Criminal Record Check and Vulnerable Sector Check.

Monkey Business is meeting in-person and registration is NOT required! This is a local playgroup for children, ages 0-5 and parents/ caregivers.

Can You Help Out?!

Monthly, community game nights will begin soon... We are excited to bring back community events, but we will need volunteers to make it happen.

Bring your skills and help make these events a success! If you love games (indoor & outdoor) and can commit 1-2 evenings a month, contact us to sign-up.
