You've Got This!

It's that time of year again... Back to school brings new beginnings and a chance to reconnect. Family Wellness Worker, Lori Miller, is available for all ages and grades, through parent request. She would be happy to have a conversation with anyone wondering what may support their child this school year.

Family and community wellness begins by reaching students and families in their educational setting within the Bashaw School... In the capacity of emotional and social supports, programming and any other additional services required by bridging the Bashaw & Area Community Resource Centre's offerings as needed. Through programming, one-on-one support or small group settings, students are able to grow and explore new opportunities. The Family Wellness Worker's role is to provide a safe place to listen and then holding that space for students and families no matter their concerns. Many topics are addressed including mental health, personal well-being, education, their joys, their challenges and their successes.

We look forward to sharing your journey this school year!
