MONTHLY NEWSLETTER

## A SHARED VISION FOR RURAL WELL-BEING

The power of community to create health is far greater than any physician, clinic or hospital. -Mark Hyman-

The Community Wellness Team is a partnership between many organizations in our community, managed by four pillars: Bashaw & District Support Services, Bashaw Adult Learning, Bashaw School and Bashaw RCMP. This Team also includes the Bashaw United Church and Bashaw Pharmasave. Formed in 2017, individuals from areas of education, advanced education, health, justice, social services, and spiritual represented the community sectors. The first goal was to improve access to care for our rural community and region by bringing together a network of social supports and services to create a wrap-around approach— offering system navigation, information & referral, and advocacy to reduce barriers to access and provide more resources and support for community members.

Over the past 18 months, the team has developed a collaborative healthcare model centred on team-based care to complete the work. This will bring together healthcare providers, social services, and community organizations to work closely to meet the needs of individuals and families. The primary goal is to ensure sustainability and long-term well-being. By encouraging collaboration and efficient use of resources, the model will ensure that healthcare services meet the community's evolving needs. The intent is to not only strengthen individual care but also promote the well-being of the entire region. Once most of the model's elements are ready, the team will share more details and opportunities to connect.

The committee intentionally delayed any further progress as there was discussion on potentially moving the play structure, and anything else in the outdoor space.

Fast forward to 2017... Bashaw's new school is completed! And with that, the committees plans for Outdoor Classrooms were included in that. Next came Seacans for storage, and then another pause... no more work until ANOTHER new playground component was installed as part of the new School build.

Finally, here we are today. A completed play space, with benches, picnic tables, sidewalks, extra rocks to play on, trees for shade, shrubs and flowers to add some beauty and more. Thank you to ALL THE COMMUNITY for supporting this project and to those that put so much love and effort into bringing it to the community! This park is what we could all hope for. It is a place for ANYONE of ANY AGE in the community to enjoy!
