New Developments Cont.

Last week we discussed the changes coming to our elementary grades and there has been much anticipation for discussion of our middle school. Next year we have elected to run our sixth through eighth grades in a classic middle school format. Students will rotate each class subject between Mrs. Forte and Mrs. Kalisz. We hope this will prepare them more for the transition to high school. In this week's folder you will find an infographic outlining the schedule. Our goal is to provide a rigorous academic environment for our students, and we believe that the best way to accomplish that is to ensure students are in an environment where they are able to have ample peer collaboration. I know that change can be intimidating, however I assure you all decisions of the school are balanced and sound. I urge you to refrain from criticism until you have had an opportunity to discuss changes with me directly.

He who guards his mouth and his tongue,

Guards his soul from troubles

May Crowning

Friday May 17th is our annual alumni May Crowning. If you would like to send your child with a flower for Mass they will have an opportunity to present them to Our Lady when they arrive. Immediately following Mass we will process as a school to the statue of Our Lady in front of the school for a small prayer service and reception. Each class presents Our Lady with a potted plant. Please coordinate with your child's teach to see if they need a plant procured for their students. All members of the community are invited to join us.
