

This winter season has become a nasty word for some while others who haven't been hit as hard with snowfall are enjoying their winter sports. The cold over the school Christmas break made it hard for the kids to get outside and enjoy the snow.

Let's hope there is some relief coming with some seasonal temperatures and less snowfall.

2018 is going to be an exciting year for the 3M Canada Retirees club as we hope to add a few new social activities.

This year's executive introduces a new Club president. John Banjac is joining us and has two meetings under his belt so I think we can consider him seasoned.

To start us off here is an update on your 3M Retirees club executive. Cindy Knight is stepping down and will now hold the title of Past president and John Banjac will fill this position. As usual we will have a few words from our club president but first a few words from our departing 3M Canada Retirees Club President.

Take a moment to relax and review this action packed newsletter and as always your feedback is important to us to make sure we are able to bring you the information and activities you are looking for.

3M Canada Retirees Club Retiring President - Cindy Knight

Greetings to all 3M Canada Retirees.

Art and I want to take this opportunity to wish everyone a Happy and Healthy 2018.

It has been a real pleasure for me to be involved with the committee for your social club this past year and to have had a chance to meet many of you at volunteer events and at our spring luncheon and the fall banquet.

I know that your executive are looking forward to an interesting and fun year so you can enjoy this year's upcoming events.

All the best to you,

Cindy Knight

Introducing 3M Canada Retirees Club President - John Banjac

We would like to welcome John Banjac as our incoming 3M Canada Retirees Club President. John was born in England and came to Canada with his parents in 1953 at the age of three. Life was challenging growing up in rural Ontario. Not only was he flanked by two younger sisters, he was the eldest in a European family. That meant you set the example, worked hard and did your chores and “no” was not optional.

From there his next big step was King City where he attended high school. John then travelled to Toronto attending Ryerson Polytechnical Institute. At the end of his formal education (as we all know we never stop learning) he spent 10 years working for Dominion Stores before joining 3M in 1981. With his retail experience gained at Dominion Stores he was hired as a sales representative in the Commercial Tape Div. now CBG. His various roles in his career at 3M included Ontario Sales Manager CGB, National Accounts Manager Construction Home Improvements Division, National Sales Manager managing the Canadian paint and hardware business. After surviving the introduction of SAP he retired in October 2015.

John lives in London and has two daughters living in Toronto. Christine is in Human Resources with Nordstrom and Kimberly is an Account Manager with a public relations agency.

3M Canada Retirees Club President message

Greetings fellow 3Mer's. It is a thrill and pleasure to be a part of the 3M Canada Retirees Club. I recently found my new job description, it pretty much sums it up for me:
When you stop living at work, and start working at living.
When travelling, exploring, indulging and relaxing are in your job description.
When every night is Friday and you are happy on Mondays.

For many of us, our entire careers have been spent at 3M Canada. Over the years we've built relationships and developed great friendships. One of the goals of the 3M Retirees Club is to maintain that circle of friends through events we can all participate in.

These are exciting times for this organization. We have some veterans on the team, and some 'fresh, new' faces (LOL) managing events and various committees. Volunteers are always welcome – please let us know if you'd like to get involved.

Looking at the numbers we have 600 registered members: 57% are on our email/ mailing list – we are able to contact them directly to communicate news and events. If you know of fellow retirees who are not receiving communications directly from the Retirees Club, please let them know that they can submit their contact information through our website:
3Mcanadaretirees.com

We have a great agenda for 2018 and ask you to join us at these events. We look forward to your participation, and your feedback. Don't miss these opportunities to stay connected with your peers and colleagues. Looking forward to seeing many of you in 2018.

Open Positions

I know here we go again but we are still looking for a communications co-ordinator and a special events co-ordinator to join the team. Please contact John Banjac (EMC4N.PRES@gmail.com) if you are interested or want to learn more. The success of this club relies on expanding the committee. We are always looking for help in different areas if you cannot commit to a position on the committee. All members are invited to attend the monthly meetings to find out more on how you can help or to learn more about the club.

Visit 3Mcanadaretirees.com for this years meeting and events dates.

It's always fun to see photos from social events whether you were able to attend or not. We have had several requests to share photos from our various events. A new page has been added to the 3MCanadaretirees.com website to feature photo galleries from retiree events.

Photographs may also be downloaded for personal use. Visit the website to see additional photos from the Fall banquet.

Buble - Sinatra Christmas show and lunch review

The Buble - Sinatra Christmas show and lunch on December 5, 2017 was attended by nine 3M Retirees and relatives and the weather co-operated for our bus trip down the highway. Our first stop was in Guelph at the Stone Mall where a few people were able to finish off (or get started) on their Christmas shopping.

We continued on to bingman park where our group was seated together. The lunch was buffet style and consisted on Turkey, stuffing, potatoes, gravy, vegetables and a lovely dessert table. Once the dishes were cleared away the entertainment started and we enjoyed songs from Sinatra, Buble and of course Christmas music.

The return home was fun. One of the participants out of the blue stood up and got us all singing a Christmas Carol.

These trips are fun and a great way to get together as a group of 3M retirees. We hope that participation grows in 2018.

The 2018 line up of trips will be available in the next few weeks. Is there a particular interest you would like us to book as a group trip. (wine tour, theatre, shopping US, shopping Canada) Let us know and we will try and work something out. Contact Lynn Daly at EMC4N.VICEPRES@gmail.com.
