

FRESNO COUNTY FIRE PROTECTION DISTRICT

FIRE SAFETY NOTICE

Our goal at Fresno County Fire Protection District is to help protect our community and your home.

All weed abatement must be completed by MAY 1 to be in compliance.

If you see something, say something! Take a picture, and report it using the **fire hazard/weed abatement complaint form** on our website www.fresnocountyfire.org or call (559) 319-0400 Ext 5

Please cut your grass/weeds as soon as possible and remove any accumulation of debris next to structures in or around your property.

- Cut weeds before 10 a.m. before the heat of the day to help limit the possibility of ignition.
- All weeds and DRY grass are to be cut/diced to a height of less than 4 inches.
- Cut all weeds and remove any debris within 50' feet of your structure.
- Remove wood piles, debris, and any combustibles material away from structures.
- **Solar panels** must have a 10 ft clearance and 30 ft clearance for SRA properties.
- Visit www.fresnocountyfire.org/weed-abatement-standard for more information.

Fresno County Fire Protection District will be conducting drive-by inspections beginning **MAY 1, 2025**, looking for fire hazards and properties that require weed abatement.

Please visit our website www.fresnocountyfire.org or contact our office at (559) 319-0400 Ext 5 for more helpful tips and more information on the requirements for Weed abatement.
