SLHWA Cross-Connection Control Plan Informational Meeting

January 7, 2026

Dear Association Member,

In accordance with the California Safe Drinking Water Act, Shaver Lake Heights Water Association (SLHWA) will be hosting an Informational Meeting:

**Shaver Lake Community Center
41344 Tollhouse Road, Shaver Lake
February 7th, 2026 @11 AM**

Members are encouraged to attend this in-person meeting. SLHWA Board of Directors will attempt to answer questions and concerns. Should you not be able to attend we are providing a Zoom link to enable expanded participation in the meeting.

[Click Here To Join Feb 7th Meeting Via Zoom](#)

To assist all involved we encourage questions in advance. Please reply to this email or email your questions directly to shaverlakeheights@gmail.com and we'll do the best we can to address. During the meeting you may phone in questions Patrick Lee @ 559-349-7319.

Informational materials are available on our website at <https://shaverlakeheights.org/> and include:

SLHWA Cross-Connection Policy Dated December 9, 2025

Cross-Connection Control Plan Communication Dated December 2, 2025

Cross-Connection Control Opt-in

Cross-Connection Control Policy Handbook

And various examples of Cross-Connections in Households

The State Water Resources Control Board has granted our association an extension until May 31st, 2026, to comply with the act. Adhering to the extension deadline is essential for maintaining our status as an independent water association.

Please note the \$100 extra fee added to your annual bill will pay for your initial inspection and if needed 2 Hose Bib Vacuum Breakers. Follow-up inspections and any repairs are the responsibility of the member.

We look forward to seeing you there.

Shaver Lake Heights Water Association Board of Directors
