February 8, 2026

Shaver Lake Heights Water Association Members,

On behalf of our Board of Directors, we would like to thank everyone who participated in our Informational Meeting on February 7th.

Over 50 members attended, with more than 30 joining via Zoom! Everyone's participation helped all of us understand what is required to comply with the state-mandated regulation. We sincerely hope your concerns and questions were properly addressed.

Mike McKeever of Water Connection Inc Cell 559-479-0502, Office 559-673-9646 did a great job of answering questions and concerns. We are grateful that he was able to attend.

Additionally, we want to thank Laural Fawcett and all the Zoom participants who helped with our audio issues. We hope everyone was able to hear questions and answers.

We have included in this mailing a summary of questions and answers to help your decision making. All information from the meeting is available for download from our website at <https://shaverlakeheights.org/> If you have any questions please reply to this email and we'll do our best to answer.

Lastly, please send in your opt-in preferences by February 15th. And schedule your hazard assessments inspection with Michael McKeever. Our due date for compliance is April 31st, 2026.

Regards,
Shaver Lake Heights Water Association
Board of Directors
