ONE CHOICE DISPLAY VS STANDARD PRODUCTS

|	ONE CHOICE DISPLAY		STANDARD PRODUCTS
ORDERING	Orders **MUST** be placed on our website. Any orders submitted via email will not be accepted.		Orders can be placed on our website, via email, or over the phone.
LOCATIONS	Ships from the **WEST COAST location only.**		Offered in both West Coast and East Coast locations.
PRINTING	Paper Transfer Dye-Sublimation printing process for most Fabric graphics. Mesh Fabric graphics are Direct-to-Fabric Dye-Sublimated. Vinyl graphics are UV-printed.		Paper Transfer Dye-Sublimation printing process for most Fabric graphics. Mesh Fabric graphics are Direct-to-Fabric Dye-Sublimated. Vinyl graphics are UV-printed.
SHIPPING	**Free Ground Bulk Shipping to ONE ADDRESS ONLY** • Shipping to multiple addresses available with an up-charge • Participation in the **WSPrime** program not required for free shipping on One Choice Products. • No In-Store Pick Up available • No FedEx Shipping available • No customer-provided shipping labels or accounts • Ship method **CANNOT** be changed the same day the order ships.		Standard shipping rates may apply
OPTIONS	**No customization** allowed on One Choice Products.		Can be customized with an upcharge.
ACCESSORIES	Will be shipped separately from any One Choice Products.		Can be ordered with product and will ship with product.

QUICK PROOF

All One Choice Products are enabled with Quick Proof!

Quick Proof is our automated proofing system that automatically checks accuracy of your file size. It then creates proofs and a proof sheet. Once these steps are complete, a "Ready for Review" email will be sent to you with instructions and the option to download your proofs. Quick as that!

If Quick Proof finds that your artwork is not at the correct size, we'll send you an email to explain.

Quick Proof Automation Process*

Upload File → Preflight File → Send Proof → Approve Proof

Issue Notification Email

*The quick proof process will apply only to selected items. The standard turnaround time will be applied for other graphic item orders.

FEATURES:
• The Quick Proof System will preflight your art file(s) more quickly after successful upload.
• You will get a Proof Email (or Issue Notification) more quickly after our system finishes pre-flighting your art file(s).
• The Quick Proof System will be much faster than our regular proofing method.

The Quick Proof System does not check spelling, image quality, or CMYK colors.

Free bulk ground shipping to a single address within the 48 continental states.
Prices, finishing, and availability are subject to change at any time without notice.
PMS match OK (additional turn time may be added).
No other special requests on One Choice Products.

TABLE OF CONTENTS

ICON LEGEND

LIFETIME WARRANTY

1 YEAR WARRANTY

ADJUSTABLE
Display can adjust to accommodate a range of sizes.

ADJUSTABLE HEIGHT
Display can adjust to accommodate a range of heights.

INDOOR USE
Banners and stands are recommended for indoor usage.

OUTDOOR USE
Banners and stands are recommended for outdoor usage.

DOUBLE-SIDED
Displays graphics back-to-back to view from both sides.

SINGLE-SIDED
Displays graphic on front side only.

TOOLLESS
Display parts assemble together without the use of tools.

HOOK & LOOP
Banners attach via hook & loop strips on top and/or bottom.

CLAMP
Top and/or bottom bars clamp to banner.

HEM
Banner edges are folded over and stitched with white thread.

GROMMET
Banner edges are hemmed with #2 grommets in corners.

POLE POCKET
The top and/or bottom of the banner is folded over and sewn, creating a pocket that accepts dowels.

SEG
Graphics are installed with silicone edge inserted into frame.

ONE CHOICE®
Top selling displays produced at our Baja location. This allows us to offer even lower prices with free ground bulk shipping.

FREE UPS GROUND SHIPPING
Free ground shipping offered with our One Choice® products.

DIGITAL PRINTING COLOR INFORMATION

OFFSET VS. DIGITAL
Digital printing offers a shorter turnaround and more consistent end results than offset printing. Digital printers do not print PMS and RGB colors. These colors will have color shifts.

PMS (SPOT COLOR) MATCHING
Although digital printers do not print PMS colors, our production team will manually adjust the color output to match your spot colors upon request (per color/material). Please ask us about our PMS Color Matching service when you upload your files.
*Please note that 1-2 business days will be added to the turnaround time.

Spot Colors

C M Y K LC LM

MATERIAL
Printed colors look slightly different depending on materials.

RE-ORDERING
If you are in need of graphics from a previous order printed by us, let us know before you approve proofs. To match colors with previously printed graphics as closely as possible, we need extra time and information from you. We typically hold files for 3-4 months. By request, we can back up files for future use.

PRINTING METHODS

UV PRINTING
Using the 4-color process (plus light cyan and light magenta), we create weather resistant images for outdoor graphics using ultraviolet curable inks.
Used for: Roll Up Banner Stands

DIRECT-TO-FABRIC DYE-SUBLIMATION
The direct-to-fabric printing process applies the ink directly to the fabric using the 4-color process. The print then goes through the sublimation process of heat-plus-time to create beautiful, photo images.
Used for: Single and Double-Sided Flags, and Casita Canopies

PAPER TRANSFER DYE-SUBLIMATION
The Dye-Sub Paper Transfer printing method takes the 4-color process to a new level, with a print quality that yields crisp lines and colors. Colors are printed directly onto paper which then get transferred to fabric and fused via dye-sublimation.
Used for: 4-Sided Table Throws, Fabric Displays, and Fabric Pop Up Displays
