*it's our passion, so much more than projects...*

# CAPABILITY STATEMENT

## OUR SERVICES

- PROFESSIONAL SERVICES
- CONSTRUCTION DELIVERY PARTNER

**HC ENERGY**  
FUTURE DELIVERED TODAY

## OUR REASON TO EXIST

HC Energy is committed to delivering exceptional outcomes on renewable energy projects, a crucial market sector that will be an enabler of all Australian's quality of life over the foreseeable future.

## OUR STRATEGY

Our simple strategy is to bring the most experienced people to complex projects and then deliver outcomes that exceed our stakeholder expectations.

Our care for people encompasses our no compromise approach to safety, wellbeing and inclusion.

We bring together the benefit of extensive experience, delivered with a refreshing agility.

We are mindful that every decision we make is informed by our responsibilities to community and future generations.

## REASONS TO CHOOSE US AS YOUR PARTNER

YOUR CARE FOR  
PEOPLE &  
COMMUNITY GUIDES  
ALL YOUR DECISIONS

YOUR OPERATING  
STYLE CAN BENEFIT  
FROM AGILE DECISION  
MAKING

YOU WANT CERTAINTY  
OF DELIVERY

YOU WANT A PROJECT  
THAT MEETS ALL  
STAKEHOLDER, TIME,  
COST & REGULATORY  
OBJECTIVES

YOU VALUE  
EXPERIENCE & WANT  
TO STEP CHANGE  
OUTCOMES

YOU ARE LOOKING FOR  
ENDURING AUTHENTIC  
RELATIONSHIPS

YOU WANT A  
PARTNER THAT HAS  
DELIVERED IN THESE  
EXISTING CONDITONS

YOUR PROJECT  
TIMETABLE OR COST  
MAY BE UNDER  
PRESSURE

## OUR MISSION

Our mission is to bring passionate, experienced people together, to deliver complex projects safely, exceed stakeholder expectations and make a difference in the fight against climate change

## OUR VALUES

### CARE

Our people are everything to us and this informs all our decisions.

Safety is a given, well-being is fundamental, and a welcoming inclusive family is central to our success.

Care extends to our respect for the communities that we are privileged to operate in – this is our focus.

### ENABLING

We are about enabling; our people to make decisions and achieve their full potential and our clients to achieve their dreams.

### AUTHENTIC

From our humble beginnings we operate with the mantra that our word is our promise and we have no time for business politics.

### AGILITY

We are nimble, whilst being informed by our experience. The way we operate creates infectious momentum.

## PROFESSIONAL SERVICES

Clients are looking for assurance that their approach to packaging and procuring a product will deliver the optimal value for money solution. One of the critical elements in this process is the constructability inputs. We suggest the optimal return for this investment comes through the engagement of suitably experienced senior personnel that have a track record of successful outcomes. At HC Energy we pride ourselves on having just this calibre of personnel.

HC Energy understands the importance of “certainty of delivery” and can address whole of project lifecycle challenges by offering professional services to assist in business case formulation, strategic reviews (both pre FEED and FEED), constructability strategy development, procurement & sourcing strategies, operational optimisation, governance, risk mitigation and project improvement initiatives.

Our philosophy is to use our experience and expertise to add demonstrable value in true partnerships to provide the certainty of delivery that most complex projects don't have the benefit of.

FUTURE DELIVERED TODAY

## CONSTRUCTION PARTNER

Based on our individual experience of successfully delivering complex infrastructure across Australia, HC Energy is ready to be a strategic construction partner. We have the capability to be Principal Contractor and deliver projects under all contract forms.

Our leaders all have a track record in leading and delivering in partnership; mega infrastructure projects, regional/rural projects, energy specific projects, all when community matters appear complex.

Rather than replicate the skill of our partners we are seeking to add the expertise to ensure that one plus one adds to much more than anticipated.

Our team have industry leading skills in project performance monitoring and management through transparent, latest technology project controls. Proactively these tools are used to give certainty of delivery and assist benchmarking future projects. We also brings exemplary skills in strategic procurement and supply chain logistics

The diversity of our experience has proven that together with our clients we are able to influence the risk profile of projects to ensure they are equitable and set a project up for success.

We are ready to engage and determine how we bring real value to your specific project or prospect.
