GUIDANCE ON HOW TO TAKE THE RIGHT SIZE IMAGE FOR THE BROCHURE AND SOCIAL MEDIA

1.Before you email your image, please check it is of high quality and size.
2.Two methods are shown below for Windows and Mac users.
3.Your image needs to be at least 1000 PIXELS wide (at resolution 72). It can be much more but certainly no less.
4.If it isn't at least 1000 pixels, please don't resize it; find a better image.
5.Please use email to send it, not WhatsApp or similar as this will compress the image and make it smaller.

For MAC/APPLE:

Open up your image using PREVIEW >> Tools >> Adjust size

For WINDOWS:
using the inbuilt Photos software, watch this video from 46s onwards.
