## 36 Month • 3 Year Questionnaire

On the following pages are questions about activities children do. Your child may have already done some of the activities described here, and there may be some your child has not begun doing yet. For each item, please check the box that tells whether your child is doing the activity regularly, sometimes, or not yet.

## **Important Points to Remember:**

- Be sure to try each activity with your child before checking a box.
   Try to make completing this questionnaire a game that is fun for you and your child.
   Make sure your child is rested, fed, and ready to play.
   Please return this questionnaire by <a href="#squeeting-squeeting
- Look forward to filling out another questionnaire in \_\_\_\_\_ months.

		YES	SOMETIMES NOT YET			
CC	<b>DMMUNICATION</b> Be sure to try each activity with your child.					
1.	When you ask her to point to her nose, eyes, hair, feet, ears, and so forth, does your child correctly point to at least <i>seven</i> body parts? (She can point to parts of herself, you, or a doll.)					
2.	Does your child make sentences that are three or four words long?					
	Please give an example:					
3.	Without giving him help by pointing or using gestures, ask your child to "Put the shoe <i>on</i> the table" and "Put the book <i>under</i> the chair." Does your child carry out both of these directions correctly?				**************************************	
4.	When looking at a picture book, does your child tell you what is happening or what action is taking place in the picture? (For example, "Barking," "Running," "Eating," and "Crying") You may ask, "What is the dog (or boy) doing?"		٥			
5.	Show your child how a zipper on a coat moves up and down, and say "See, this goes up and down." Put the zipper to the middle and ask your child to move the zipper down. Return the zipper to the middle and ask your child to move the zipper up. Do this several times, placithe zipper in the middle before asking your child to move it up or down Does your child consistently move the zipper up when you say "up" and down when you say "down"?	ing				
6.	When you ask, "What is your name?" does your child say both her first and last names?					
			COMMUNICATION TOTAL			
GF	ROSS MOTOR Be sure to try each activity with your child.					
1.	Without holding onto anything for support, does your child kick a ball by swinging his leg forward?					
2.	Does your child jump with both feet leaving the floor at the same time?					
3.	Does your child walk up stairs, using only one foot on each stair? (The left foot is on one step, and the right foot is on the next.) She may hold onto the railing or wall. (You can look for this at a store, on a playground, or at home.)					

		YES	SOMETIMES N	IOT YET	
GF	ROSS MOTOR (continued)				
4.	Does your child stand on one foot for about 1 second without holding onto anything?			٦	
5.	While standing, does your child throw a ball <i>overhand</i> by raising his arm to shoulder height and throwing the ball forward? (Dropping the ball or throwing the ball underhand does not count.)				
6.	Does your child jump forward at least 6 inches with both feet leaving the ground at the same time?				
		,	GROSS MOT	OR TOTAL	
FI	NE MOTOR Be sure to try each activity with your child.				
1.	After she watches you draw a line from the top of the paper to the bottom with a pencil, crayon, or pen, ask your child to make a line like yours. Do not let your child trace your line. Does your child copy you by drawing a single line in a vertical direction?				
2.	Does your child thread a shoelace through either a bead or an eyelet of a shoe?				
3.	After he watches you draw a single circle, ask your child to make a circle like yours. Do not let him trace your circle. Does your child copy you by drawing a circle?				
4.	After she watches you draw a line from one side of the paper to the other side, ask your child trace your line. Does your child copy you by drawing a single line in a horizontal direction?  Count as "yes"  Count as "yes"  Count as "not yet"	) 🗆			

		YES	SOMETIMES NOT YET	
FI	NE MOTOR (continued)			
5.	Does your child try to cut paper with child-safe scissors? He does not need to cut the paper but must get the blades to open and close while holding the paper with the other hand. (You may show your child how to use scissors. Carefully watch your child's use of scissors for safety reasons.)			_
6.	When drawing, does your child hold a pencil, crayon, or pen between her fingers and thumb like an adult does?	۵	FINE MOTOR TOTAL	_
PR	OBLEM SOLVING Be sure to try each activity with your child.			
1.	While your child watches, line up four objects like blocks or cars in a row. Does your child copy or imitate you and line up <i>four</i> objects in a row? (You can also use spools of thread, small boxes, or other toys.)		- <u> </u>	_
2.	If your child wants something he cannot reach, does he find a chair or box to stand on to reach it?		<u> </u>	_
3.	When you point to the figure and ask your child, "What is this?" does your child say a word that means a person? Responses like "snowman," "boy," "man," "girl," and "Daddy" are correct.  Please write your child's response here:		<u> </u>	
4.	When you say, "Say seven three," does your child repeat <i>just</i> the two numbers in the correct order? <i>Do not repeat the numbers</i> . If necessal try another pair of numbers and say, "Say eight two." Your child must repeat just one series of two numbers for you to answer "yes" to this question.	ту,		_
5.	Show your child how to make a bridge with blocks, boxes, or cans, like the example. Does your child copy you by making one like it?		<u> </u>	
6.	When you say, "Say five eight three," does your child repeat <i>just</i> the three numbers in the correct order? <i>Do not repeat these numbers</i> . If necessary, try another series of numbers and say, "Say six nine two." Your child must repeat just one series of three numbers for you to answer "yes" to this question.		PROBLEM SOLVING TOTAL
