

The Turning 65 Workshop

Continuing Education for HR Professionals

Essential Information. Engaging Communication.

Social Security & Medicare form the foundation of retirement in America. Yet few employees have a confident understanding of these programs.

HR Professionals are often called upon to provide guidance for older employees who are facing Social Security and Medicare filing decisions.

Such questions are often complex- and the answers hard to find. We provide the tools an HR professional needs to become a more confident resource to these older employees & their families.

We currently offer two programs that are approved for both SHRM and HRCI recertification credits...

Working to 65 and Beyond... *Understanding Medicare and its Impact on Group Health Coverage*

The New Normal... *Social Security, Medicare, and the Filing Decisions Facing Older Employees*

These two programs provide an unique opportunity for HR professionals to build a Social Security & Medicare 'toolbox'. We offer both public regional events, as well as in-house workshops for employers who want custom group training for their own HR & Benefits teams.

"Outstanding and useful presentation! Much needed information to help point our employees in the right direction. I give it '5 stars' and highly recommend this CE program."

Sylvia McCarron, HR Director | Wadleigh, Starr, and Peters, Manchester NH
