

## Gabi E

Raven is a wonderful, warm-hearted woman with healing powers.

I had the pleasure of meeting her in May 2025 during our vacation. She helped me tremendously; I suffer from polyneuropathy and had severe nerve pain in my feet. After my visit, I was able to walk again and felt full of energy.

She also greatly helped me process the grief of my father's death.

Even afterward, she was a tremendous help, giving me good advice and checking in on my well-being.

I highly recommend Raven; I'm so glad I met her.

Thank you so much for your help! If we ever travel to Vancouver Island again, we will definitely visit her again!
