## **FREE: MGB stowaway roof with header (no frame) and foldaway roof with frame and header**

It'd be great if you'd let your club community know that I want to give away the following items. Pick-up would be at my home in Bala Cynwyd, PA 19004.

1. For MGB, Robbins stowaway roof with zippered rear window (Moss p/n 242-665) with poorly attached header. The roof is new but my installation on the header went awry - the header is not positioned correctly. I threw in the towel and bought a new stowaway roof with the header already attached. Someone with more patience may yet be able to make this work. You'll have to supply your own stowaway frame.
2. For MGB, older foldaway roof with zippered rear window, header rail, and complete Michelotti frame. Was on my '71 B since 1990 or so. Side windows have been a bit pinched by the frame over the years, and the rear window is also scuffed, but roof is still functional and outward vision still acceptable. The car has been garaged for the preponderance of the time since the roof was installed, so it's in better shape than might be thought for its age.

## FOR SALE: Pair of MG Magnettes – 1957 and 1959

I have two Magnettes for sale, a 1959 standard sedan (KAA 13 19185) and a 1957 Veritone (KABA 43/22704). I do not have the time to complete my plans for these cars as other projects have taken priority. I will sell them individually or together. I am looking for reasonable offers as they must go. Their descriptions are as follows.

### 1957 Veritone

Car is disassembled mechanically but complete. It has some floor damage especially below the rear seat and one rear shock mount. Surface rust is minimal. All parts are in containers and labelled. It comes with a rebuilt engine and transmission (plus a spare), new wiring harness, clutch, other miscellaneous parts, and refurbished gauges. All the glass is good. Car is mounted on a rolling carriage and can be pushed around. Car is worthy of restoration but, would be valuable for the sum of its parts. Transport is available.

### 1959 Standard Sedan RHD

Best described as a 40 footer, I take it to local coffee events and club events. It needs exterior body work and has blistered paint, Semifores work, gas gauge does not, has new battery, tires and brakes (installed by previous owner).

Reasonable offers considered, transport is available.

## FREE: BRAKE ROTORS AND PADS

I have a set of NOS brake rotors and pads here that were purchased for an Audi TT but I think cross reference to some British marques as well. The car is no longer in the family.

I can say for sure that they fit

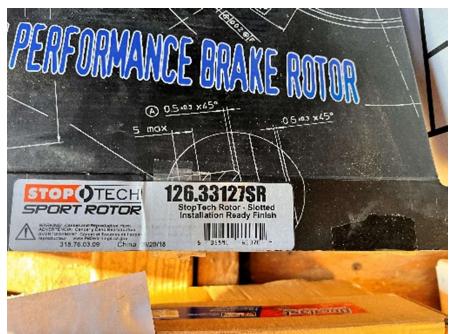

2008 - 2011 Audi TT 3.2L

2009 -2015 Audi TT S

2012 2013 Audi TT-RS

Part Numbers are on the boxes.

I'd let them go to anybody who can use them. Well over \$400 new.
