

# LSI Proudly Manufactures in the United States

Electronic Manufacturing Center: Cincinnati

Electronic Component Design/Manufacture: Cincinnati

LSI ORIGIN™ Brand Downlight Assembly Facility: Los Angeles

Ever since LSI Industries was founded in 1976, the company has proudly designed, fabricated and assembled lighting fixtures in the U.S.A. From LSI's market-leading canopy lighting to its newest specification grade troffer series, LSI offers a wide variety of both indoor and outdoor luminaires whose exceptional designs, performance and value are made possible via quality U.S. manufacturing standards and techniques. However, LSI's ongoing success is truly attributable to its dedicated, hard-working and knowledgeable employees. Their passion for meeting and exceeding customers' needs has paved the way for LSI Industries as a true leader in the rapidly expanding and evolving lighting industry.

## Smartvision®

SmartVision is how LSI harnesses the potential of LED Lighting. It is evident in all of our LED product designs and performance.
