

NEWSLETTER OF THE EVERGREEN MUZZLELOADERS

March 2021

Monthly Report by Mike Nesbitt The weather was rather agreeable for our Trade Gun match and we shot our trail-walk without getting rained upon. Perhaps the weather should be blamed for the good turnout we had, over a dozen shooters with their flintlock trade guns. We also had a couple of shooters using rifles just for the fun of it and their scores are not listed below.

Dan Johnson joined us with a borrowed canoe gun in 24-gauge for his first trail-walk try with a flintlock. He was warned ahead of time how addicting flintlocks are. Now, just two weeks later, he has his own flintlock rifle and we'll be seeing Dan more often at our matches.

One thing Dan learned while shooting in this match is that there are only two kinds of people who shoot muzzle-loaders. There are those who have loaded their guns with no powder and those who will. Dan is no longer one of those "who will" so now he's a graduate and learned what to do about it. With the 'dry ball' cleared from the barrel of his 24-gauge, Dan went on to make several good hits. Even so, he did not turn in his score and we expect him to be much more competitive next time.

Our match was won by Will Ulry and he had the best score on the trail. The highest score on the paper target was shot by DeWayne Pritchett, a very respectable 42-X out of the possible score of 50. The rest of the scores, as you can see, go downhill from there but that is not any reflection on the fun we had blasting at targets with our smoothbores loaded with a patched round ball.

At our Trade Gun Frolic, which is next month, we'll mix in some birdshot for flying and rolling targets. That's when Trade Gun shooting is the most fun. Come and try it.

Dan Johnson, on the trail

OLD WEST CENTERFIRES

By Jerry Mayo

It was a beautiful day for our second Old West Centerfires match of 2021. Shooting these old buffalo rifles today is really quite amazing. For those shooting originals or part originals, they are firing big bore cartridges through sometimes 150 year old steel. And there are quite a few of these “oldies” out here. Think about that for a minute. I’ll tell you this; there were some folks bringing their “A” game on this day. We had a 100 scored at 200 yards along with five scores in the nineties at that same distance. All total we had thirteen shooters today and that’s a great turnout for this event. We must continue to take the necessary precautions to prevent the spread of Covid-19 virus. Social distancing and appropriate face covering were utilized as dictated by our elected officials.

We appreciate Mr. Dan Johnson for serving again as our Range Safety Officer and keeper of the peace. The match, as usual, consisted of ten shots at 100 yards at a single bullseye target and ten more at 200 yards to a 200 yard single bull target. Those who partake in the black powder cartridge arts are painfully aware that a large part of this game is the wind. In the community “wind” is usually preceded by the explicative of your choice. Today the wind was sporadically gusting from behind. With these rounds being somewhat sensitive to the wind, these conditions can result in driving your bullet a bit lower than you expected. There is certainly some entertainment value to watching the symphony of sight adjustments up and down the line in an attempt to outguess Mother Nature. I think it was Bluebonnet Butter that said, “It’s not nice to fool Mother Nature”.

Tom Harris, on the firing line

also scored in the 180’s. “Loco” Jeff Ritter, with his .45/90 Rolling Block totaled 187-3X while Mike Nesbitt shot his .44/70 from C. Sharps Arms and posted a 183-2X. Curt Lokovsek took fourth place with 179-2X using his original action .45/90 Remington Hepburn. Some of that ‘old steel’ we were talking about. Rounding out the top five is Allen Cunniff using his .45/70 Remington Rolling Block. Allen scored 76-X at 100 yards and an impressive 100-4X at 200 yards for a total of 176-5X. An outstanding target!

Tom Witt has the black powder cartridge bug. Until his C. Sharps Hartford arrives he used a C. Sharps on loan from Mike Nesbitt and came in sixth with a total of 169. Next came Phil Wiebe with a recently purchased Shilo Sharps .45/90. Phil posted a 166-X. In eighth place is Bob DeLisle still throwing .45/70 paper patch bullets from his Pedrosoli Sharps for a 162-3X total. Wes Davis had a 157 for a ninth place finish using his .45/70 C. Sharps and in tenth place with a recently built .45/90 Remington Rolling Block was Jeff “Doc” Ritter with a 146. Jerry Mayo used his “Little Fifty” .50/70 Remington Rolling Block to score 138-X. As previously stated, Tom Harris scored a 73 and Tom Herman, with the only .50/70 Springfield Trapdoor on the line fired a 33.

We had a first time shooter with us today. Tom Harris joined us and we’re happy to have him. Tom came up from Woodland, Washington. He saw an advertisement in [Single Shoot Exchange](#) for our match and reached out to Mike Nesbitt who led him our way. You may notice that Tom shot a respectable 73 at 100 yards but there’s a 0 for the 200 yard score. Don’t let this fool you. Tom did not have the opportunity to sight in his .45/70 Lyman Sharps at 200 yards. After doing so prior to shooting the “After match” he aced the 200 yard gong in the sitting position and overall came one shot from winning the whole thing. Good job Tom!

The winning shooter for the day was Ken Kurfurst with his .45/90 Rolling Block. Ken’s 92-X at 100 yards and 97-2X at 200 yards resulted in a winning score of 189-3X. The second and third place shooters

Allen Cunniff’s 200-yard bullseye

For the yearly aggregate today's score will be added to the total of the January 2021 match. The "Accum" column in the match scores shows how each shooter is progressing. The yearly aggregate score for each shooter will be the sum of their best five matches shot during this year. Aggregate prizes will be awarded in November.

These "Buffalo Runners" are, left to right standing, Loco Jeff Ritter, Allen Cunniff, Tom Witt, Ken Kurfurst, Jerry Mayo, Bob DeLisle, Curt Lokovsek, and Phil Wiebe, kneeling, Mike Nesbitt, Wes Davis, and Tom Harris.

For our after match we went back to gongs at 100 and 200 yards. The order of fire is 5 shots at the steel buffalo at 200 yards using cross sticks and 5 shots at the Quigley style bucket from 100 yards offhand. These gongs are reduced in size to represent their actual Quigley size/distance when viewed through sights on our 200 yard range. As it seems to always be, the offhand shot at the bucket at 100 yards representing the 350 yard bucket on the Quigley range also shot offhand decides the match.

Wes Davis quietly, as quietly as a buffalo rifle can be, posted a perfect score of 10. Curt Lokovsek and Tom Harris both hit nine gongs and Curt won the tie breaker with more offhand hits.

On April 17, 2021 we will be having a paper patch match. All are invited and shoot what you will but paper patch rounds will be scored separately. The next aggregate match will be held on June 5, 2021. Hope to see y'all there.

THE
BLACK RIVER
BUFFALO RUNNERS
INVITE YOU TO
BUFFALO CAMP
MAY 15 & 16, 2021

For black powder cartridge shooting, 1870s style. Shooting events include buffalo rifles such as the Sharps, the Springfields, and the Remington rolling blocks plus other large bore (.375" bore or larger) single shots with black powder loads and lead bullets. We also have an event for the "camp guns" such as the Winchester Model 1866s and 1873s. Later repeaters will also be acceptable in black powder calibers, with black powder loads. A black powder revolver match on the trail will be for both percussion and black powder cartridge sixguns. (If you want to participate in the revolver match, please bring a holster for your sixgun.) Prizes will be awarded to the top three shooters in each event, plus aggregate prizes to all shooters who enter the aggregate based rifle scores.

The Buffalo Rifles will be used in a Little Quigley Match at 200 yards, sitting position while shooting over X-sticks and at 100 yards offhand "at the bucket" on Saturday. No sighter shots or fouling shots. (If sighting-in is necessary that can be done on Friday, May 14th.) Following the Little Quigley Match we'll use our "camp guns" or the buffalo rifles for a "Meat Hunt" at selected targets on the muzzleloading trail-walk, all shots taken offhand. (Muzzleloading rifles can be used on the "meat hunt.") The "meat hunt" must be completed by noon on Sunday. Twenty shots are needed for the "Little Quigley Match" and sixteen more for the "Meat Hunt." Also, at least ten cartridges for the revolvers will be need. But bring more ammo than that just for the fun of it.

This year we're holding a "Paper Patch Workshop" on Saturday afternoon where bullets can be cast, patched, and loaded in camp, then possibly shot on the High Power range. If you have any questions on how to make, load and shoot paper patched bullets, bring them to this Buffalo Camp. We'll try to hold the paper patch workshop at 3:00 Saturday afternoon, right in camp.

We also plan to show a movie Saturday evening in the clubhouse, maybe "Quigley."

There are two camping areas, one for "canvas" and the other for campers, trailers and RVs. In the "canvas area" we want the camp to look as much like the 1870s as possible, so please, no aluminum lawn chairs or portable TV sets. We will try to have a dinner on Saturday evening, hopefully with a cook out in the canvas area. (If the weather does not cooperate, we can move the dinner to inside the clubhouse.)

Entry Fee: \$18 (or \$12 for single event)

Camping Fee: \$11 per camp for the event

Registrations can begin on May 14, 2021. Traders are welcome.

Camp Boss **Tom Brown** (buksknr1@comcast.net) Top Skinner **Mike Nesbitt** (miken54@aol.com)

Finding the Buffalo Camp is easy. The Capitol City Rifle & Pistol Club is located at: 14318 Littlerock Rd. SW Littlerock, Washington. From Interstate 5, take Exit 95 "Littlerock/Maytown" and go west 2.8 miles to Littlerock, take the sharp left bend in town to head south, go 1.5 miles further and the Capitol City Rifle and Pistol Club is on the left.
