We are hosting the PITA Grand Pacific Trap Shooting tournament starting July 25, 2021 running through July 31, 2021. We are in need of people to help with several different tasks, including scorekeepers. The daily agenda starts with a meeting at 9:30am, the shooting starts at 10:00am and can run until 5:00pm. The assignment of the scorekeeper is to make keen observations of the shooters as they attempt to shoot and break the clay target. The smallest piece counts as a successfully broken target and is so noted on the

score sheet. If the target is missed, the scorekeeper calls out "lost" and so notes this on the score sheet. These observations are made from a seated stand which is located behind the shooters. Each event consists of 25 targets, per shooter and there can be up to 5 shooters per squad. This process is repeated multiple times during the day, one right after another. Another function the scorekeeper performs is loading the trap machines with the clay targets. You will be given training on both of these functions. We will provide you a list of scorer duties and expectations and some information on the official PITA Trap Shooting Rules. Most everyone can score on their own after observing one event. This may sound intimidating, but it really is not.

We have students from the age of 13 & 14 all the way up too and including Moms and Dads who perform these tasks flawlessly.

We currently are offering \$75.00 per day, per individual to entice you to participate in this activity. If you have interest, please contact me at: shootevergreen@gmail.com or call 360.790.0266.

Thanks,

Joel Ball
