

# WARRANTY

## *Guidelines*

### **COVERAGE**

Our permanent jewelry comes with a 4 week warranty from the date of placement.

The warranty covers defects in materials such as fading and turning or workmanship under normal wear and proper care. The warranty does not cover damage caused by improper care, negligence, accidents, or unauthorized modifications.

### **LIMITATIONS**

The warranty is non-transferable and only applies to the original recipient of the permanent jewelry. The warranty does not cover loss, theft, or damage due to force majeure events. Any alterations or repairs performed by unauthorized individuals or establishments will void the warranty. We reserve the right to determine whether a warranty claim is valid and to provide appropriate remedies.

### **MAINTENANCE**

We recommend periodic check-ups and inspections of the jewelry to ensure its integrity. Any necessary maintenance or adjustments required beyond the warranty period may be subject to additional charges.
