Welcome to v-ei summit 2020

There is no doubt that leadership will be one of the most heavily tested skills throughout the coronavirus pandemic. Emotional intelligence is at the core of being able to make these behavioral shifts and ultimately helping one to attain all those adjectives describing stellar leadership. Research shows that EI accounts for nearly 90% of what sets high performers apart from others with similar technical skills and knowledge. Keeping the above as the core, Emotionalytics and Co. and Meraviglia EQ Academy have collaborated together to weave a Virtual Emotional Intelligence Summit 2020 (v-ei summit). **The theme is “EI FOR ALL” with the mission of “EMOTIONAL LITERACY”.**

This Emotional Intelligence summit aims to bring together leading EQ Practitioners, Corporate Leaders, Academic scholars, Psychologists, Counsellors, Behaviour scientists, Researchers and Research scholars to exchange and share their experiences and research results on all aspects of Social and Emotional Intelligence. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered, and solutions adopted in the fields of Social and Emotional Intelligence.
