- Supports energy production and vitality\*
- Naturally alkalizes the body\*
- Supports healthy nutrient digestion and gastrointestinal function\*
- Sweetened with stevia
- Comes in ten delicious flavors: Strawberry Kiwi, Chocolate, Chocolate Peppermint, Chocolate Coconut, Berry, Pink Lemonade, Original Mint, Grape, Espresso, Green Tea Melon

## How Veggie Plus Works

### Plant-Based Micronutrients

Micronutrients, as opposed to macronutrients, are nutrients that living beings require in relatively small quantities for proper health and function. These include vitamins, minerals, and polyphenols (all of which may serve antioxidant roles in the body).

Our fruit and vegetable concentrates provide essential vitamins, minerals, and polyphenols to support the immune system against everyday free radical bombardment.

Veggie Plus derives its vitamins, minerals, polyphenols, and other antioxidants exclusively from nutrient-packed whole food concentrates to encourage efficient absorption and utilization by the body.\* We also made sure to omit key allergens, preservatives, and stimulants, which can all wreak havoc on susceptible individuals.

### Fiber, Prebiotics, and Digestive Enzymes

Our proprietary Fiber Blend acts as a prebiotic by stimulating the growth of healthy gastrointestinal (GI) bacteria. They're also low-calorie and have been shown to support healthy lipid levels, blood sugar, and digestion.

Veggie Plus contains beneficial fibers that act as prebiotics to nourish your GI tract and provide sustained energy throughout the day. We also made sure to include essential enzymes to support the absorption and digestion of nutrients from foods.

### Probiotic Blend

The human GI tract contains nearly three pounds of bacteria—comprised of 1000 or more different species—and a medley of enzymes that help us digest and absorb nutrients from food. A healthy GI tract is crucial for proper endocrine function, immune system support, and body weight regulation. Moreover, healthy GI tract microbes act as a barrier against undesirable microbes and promote the absorption of vital nutrients from food.

Veggie Plus' potent 4-strain blend of probiotics is formulated to promote the growth of healthy bacteria in the GI tract.

Veggie Plus is a premium nutrient-rich dietary supplement that provides powerful antioxidant capacity, satiety, lasting energy, and support for a healthy digestive system. Better yet, it mixes easily in liquid or food and is sure to satisfy your appetite!

Formulating a true “superfood” product requires a deep understanding of the biological processes that drive our health, longevity, and well-being. Fortunately, we’ve done the work, so you don’t have to.

## SuperFruitox Flavor – Berry

### SuperFruitox Antioxidant Blend

Raspberry Fruit Extract, Black Raspberry Fruit Powder, Blackberry Fruit Powder, Papaya Fruit Powder, Plum Fruit Powder, Strawberry Fruit Powder, Cranberry Fruit Powder, Kiwi Fruit Powder, Watermelon Fruit Powder, Pomegranate Fruit Extract, Quercetin Dihydrate, Grape Seed Extract, Blueberry Leaf Extract, Acerola Berry Powder, Bilberry Fruit Extract, Bromelain, Black Cherry Fruit Extract, Organic Acai Berry Powder, Organic Pomegranate Fruit Powder, Organic Raspberry Fruit Powder, Organic Bilberry Fruit Powder, Organic Blueberry Fruit Powder, Lycium (Goji) Berry Powder, Mangosteen Fruit Powder, Noni Fruit Powder
