### ***Welcome to the Arkansas Knife Show!***

This past year, we had more people come to the show in the first few hours than both days combined of the previous years.

And we are only growing!

Collectors from all over the world have taken an interest in the show. The client list for the show has been growing on a daily basis.

All the gold passes are already being purchased by returning knife collectors and new collectors alike. At this rate, all the gold passes will be sold 6 months before the show.

So, come join the rows of the most renowned knifemakers in the world!

Highlights of the show:

- Award Judging
- Knife Banquet
- Knife Show
- Cutting Competition

## SHOW PASSES

---

There will be three show passes, just like last year. Since the names were confusing to people, I have made it easier: **Gold pass**, **Silver pass**, **Iron pass**.

**Gold Pass:** All access pass. Collectors come and go, just like the exhibitors. They have voting rights on the 'Collector's Choice Award'. They get admission into the banquet. Receive a show bag and entry into drawing.

**Silver Pass:** Early access to the show. Receive a show bag and entry into drawing.

**Iron Pass:** Normal access to the show. Receive a show bag.

They will look completely different than the passes before. Color coded and look like an actual ticket. I've been excited about doing this for centuries now!

## AWARD JUDGING
