

Fire Academy

This program will prepare you for employment as a firefighter and covers all topics required by the NC Fire Commission for certification, along with HazMat Operations, Driver Operator, Technical Rescue: General, and Technical Rescue: VMR. Physical training is also a required aspect of the program. After completion and affiliation with a department, you will be certified as a Level I & II Firefighter. In order to participate in the program, you must be a high school graduate (or equivalent), have a 10th grade reading competency, pass a physical exam (you must obtain), and pass a physical agility test given at the start of the program. Please complete the **Fire Academy Application** if you are interested in participating. *Volunteer firefighters may take individual topics for certification on a space available basis.*
